

## THE BANKING SITUATION THROUGHOUT THE WEST IS SATISFACTORY TO ALL

Banks and Business Interests in Accord on Checking Plan.

But Few Chicago Depositors Make Application to Withdraw.

Financial Institutions on Coast in Prosperous Condition.

Chicago, Oct. 29.—The financial condition throughout the West was, today, satisfactory in general to the banks and to the majority of business interests. In all the money centers trade was on the check and certificate plan and the banks were holding as closely as possible to the reserves of currency. The banks in Kansas reported themselves as in a particularly strong condition, many of them having been 50 per cent in excess of the ordinary legal reserve. In Oregon, Governor Chamberlain declared the next five days a legal holiday in order to prevent a currency famine. All of the banks in Portland from whence this news came were absolutely sound, and there was no sign of a run upon any of them. They not only have standing accounts in the East, but during the last few months have loaned millions of dollars to Eastern banks.

The banks in Spokane have decided to take action similar to that of the Chicago and New York banks in order to protect their cash reserves. All financial institutions here are reported to be in excellent condition and there never has been a time when the general prosperity has been so great as now, but the bankers consider it prudent to adopt the plan which has been put in force in other cities.

At Kansas City the Wyandotte State bank with deposits of \$1,000,000 absorbed by the Commercial National bank. The institution was entirely solvent, and will be kept open for several days for the convenience of customers. James F. Downing, president of the New England National bank of Kansas City, and a leading member of the clearing house, declared that no trouble had been experienced, except in the case of the Bankers' Trust company, which closed yesterday to go into liquidation. The restrictions in the payment of currency were accepted cheerfully by all customers.

The Chicago banks commenced their second day's business under the check system, greatly encouraged by the manner in which the new method was received by the depositors. Out of \$90,000 savings depositors in the city, only 1,500 made application for the withdrawal of their deposits, or gave notice of withdrawal. The clearing house issued to its members \$5,000,000 in certificates, yet the banks reported which had to be settled with the certificates were far from smaller than usual, approximately \$1,000,000.

## PLUG FROM A BICYCLE TIRE

Grazed Her Ankle and She Thought Burglar Had Shot.

Marion, Ohio, Oct. 29.—A general burglar alarm was received at police headquarters and a squad of blue coats was rushed to the home of Mrs. J. J. Phelps.

The neighborhood had turned out en masse with revolvers, clubs and butcher knives. Mrs. Phelps was hysterical, but managed to tell the police the burglar had shot at her.

"I felt the bullet graze my ankle. He's locked up in the kitchen," she said.

The police found that the "burglar" was a bicycle and the bullet a plug blown from a once-punctured tire with the report of a gun.

## SIGNS PLEDGE TO QUIT NAGGING

St. Louis Woman Fined for Scolding—Husband Silent in Court.

St. Louis, Oct. 29.—"I hereby freely and voluntarily promise that I will not again be guilty of in any way nagging or of using abusive language toward my husband for a period of one year from date."

Mrs. Julia Otting, 25 years old, 2712 North Ninth street, signed this pledge before Judge Pollard. When Mr. and Mrs. Otting were brought into court neighbors said the woman "nagged" her husband.

The husband was present, but refused to testify. His silence, the judge thought, was significant, so he levied a fine of \$25 and costs upon Mrs. Otting, but agreed to withhold the fine if she would sign and keep a pledge to stop nagging.

## GOLD WILL HELP MUCH

Engagements Made in London Will Relieve Money Stringency.

Closed New York Banks Are Preparing to Reopen Soon.

New York, Oct. 29.—Great assistance in relieving the financial stringency is expected to result from the large engagements of gold for import made yesterday, and from the further large imports which it is believed will be made within the next few weeks.

The movement of American crops to European markets, together with the reopening of a demand for copper abroad, will give the United States large credits with the foreign bankers, and these with the foreign bankers, and these it is confidently believed, to the fullest extent that may be necessary.

It was announced today that several of the banks which were compelled to suspend last week have about perfected their plans to reopen for business. President Montgomery of the Hamilton bank, a Harlem institution, which closed last week, said today:

"This bank will resume business in a few days—not later than Monday next in any event. I understand also that the Twelfth Ward bank will resume in a few days."

The runs on the Trust Company of America and the Lincoln Trust company continued today, but in diminished volume.

The announcement of the increase of the rate of discount by the Imperial Bank of Germany from 5 1/2 to 6 1/2 per cent was of somewhat unfavorable effect on the London stock market, as indicating that there will be no expansion of credit at present for speculative purposes. Notwithstanding this, however, American securities in London held firm. The only noteworthy weak feature in London was Canadian Pacific, which declined 2 1/2. Amalgamated Copper advanced 1/8. St. Paul and Northern Pacific, Union Pacific was unchanged. United States Steel common was 1/8 lower and United States Steel preferred 3/8 higher.

## MISTAKEN FOR BEAR.

Iron Mountain Mining Superintendent is Accidentally Killed.

Marquette, Mich., Oct. 29.—(Special to The Herald.)—John C. Kruse, a mining superintendent at Iron Mountain, was accidentally shot and killed yesterday by George Gibbons. While the men were hunting together Mr. Kruse was mistaken for a bear.

BIRD AND ANIMAL RESERVES.

Washington, Oct. 29.—The president has issued an executive order creating four new bird and animal reserves on the Pacific coast. One, the Three-Arch Rock reservation, in Oregon, and the other three in Washington. Flat-Pony Rocks, Quilleye Needles and Chahale Rock reservation. Wardens will be appointed by the department of agriculture to supervise these reserves. The Shasta national forest in California has been included by the addition of 87,000 acres in Siskiyou county.

## NURSE GETS A FORTUNE

From a Friend She Had Known in Her Teens.

Mrs. Noble Inherits \$600,000 From Wealthy Ranchman.

Schenectady, N. Y., Oct. 29.—From a man she had not heard of in twenty years and whom she had only known as a friend when in her teens, Mrs. Helen St. Clair Noble, a Schenectady woman who recently took up her residence in Chicago, has inherited a fortune of \$600,000. The man was Col. Benjamin Carroll Dent, a wealthy Australian ranchman, who died recently in Sydney, Australia, at the age of 78. His estate is valued at \$1,500,000.

Mrs. Noble belongs to an old family in the South. On one of her first visits to Washington she was noticed by Col. Dent, then holding a position in the war department. She then, as Miss St. Clair, was only 17 years old. Her beauty captivated Col. Dent and he lost no time in finding the friends she was visiting and getting the introduction he was looking for. He saw little of her. Soon after he left this country for Switzerland. That was in 1887. Only one year did Col. Dent remain in Switzerland, having found that an open field awaited him in Australia.

When yet in her teens Helen St. Clair married George Noble. Marriage in her case was a failure, and by mutual agreement she and her husband parted. She took her two boys and went to live in Rome, N. Y., with her mother-in-law. There she remained until coming to Schenectady five years ago. Recently she left this city to go to Chicago, where she is a nurse in a hospital, earning money to put her sons through college.

It was at the Chicago hospital that Mrs. Noble was first told of the money she had been left by Dent's will. Her informant was Dudley Bagley, a lawyer from Sydney, Australia, with whom Mrs. Noble is in New York attending to the settlement of the estate.

## DENTIST DIES FROM BLOOD POISONING.

New Britain, Conn., Oct. 29.—Dr. Charles Eugene Monks, 38 years old, a dentist, died yesterday from blood poisoning contracted in relieving a patient. The man suffered from a badly diseased tooth and before the dentist could sterilize his instrument he plunged the point of one into his hand. Blood poisoning immediately developed and death followed after three days of intense suffering.

## KNOTS IN SATURN'S RINGS.

Cambridge, Mass., Oct. 29.—A telegram was received at the Harvard college observatory from Prof. W. Campbell, a director of the Lick observatory, stating that prominent knots have been visible during the past week in Saturn's rings. The knots appear systematically placed, two east and two west.

## THE CHARGES OF SOCIAL CORRUPTION IN GERMANY SUSTAINED BY VERDICT

KING AND QUEEN  
HAVE CLOSE CALL

Cherbourg, France, Oct. 29.—The king and queen of Spain had another close escape from injury or death early today. Their majesties are en route to England, where they are to visit King Edward. They embarked at Paris at midnight bound for this place, where they are to board the British battleship Renown, which is to carry them to England.

The journey from Paris was made in safety until just as the train was entering Cherbourg, when it ran off the rails. The royal party escaped injury.

## LARGEST IN ITS HISTORY

Monthly Business of Pennsylvania Road Shows Increase.

No Truth in Rumor That Men Would be Laid Off.

Philadelphia, Oct. 29.—Rumors that the Pennsylvania railroad would lay off between 20,000 and 30,000 men was today denied by officials of the company. The following statement was given out at the company's offices:

"There is no truth in the statements that 20,000 men are to be discharged by the Pennsylvania Railroad company. Nothing of the kind has ever been discussed. In view of the fact that the traffic for October is 11 per cent greater than for the same month last year, which will make the movement for the month the largest in the history of the company, any material reduction in the force would not be practicable."

## WAGES ARE INCREASED.

Dunkirk, N. Y., Oct. 29.—Telegraph operators, station men and clerks of the Dunkirk, Allegheny & Pittsburgh railroad were notified today that an increase in wages from \$5 to \$15 per month had been granted them, effective at once. The road is a part of the New York Central lines.

Editor Harden Promptly Acquitted of Libel by Court.

Gen. Von Moltke, Plaintiff, Must Bear Costs of Trial.

Defendant Was Warmly Cheered When Verdict Was Announced.

Berlin, Oct. 29.—Maximilian Harden, editor of Die Zukunft, was acquitted today in the suit brought against him by Gen. Count Kuno Von Moltke, formerly military general of Berlin, for defamation of character. In addition, Gen. Von Moltke was condemned to bear the costs of the trial.

The trial, which began Oct. 23, attracted the greatest interest throughout Germany. Mr. Harden charged that the court clique of which Von Moltke was a member, was guilty of infamous practices and also had sought to exercise undue influence over Emperor William. The names of Prince Philip Zu Eulenburg, ex-German ambassador to Vienna, and Lieut. Gen. William Von Hohenau, one of the emperor's adjutants, were mentioned by Harden as being members of the clique referred to as the "Round Table," and

## BROKEN BONES DISBANDS TEAM

Six Noses and Four Legs Fractured and Eight Dislocations.

Lima, Ohio, Oct. 29.—Because of a collection of broken noses, broken legs, broken fingers and dislocated bones, unequalled by any other football team in the country, the Lima college team has cancelled all its scheduled games and has disbanded for the season. The team was a strong one and played against the Western Reserve and Mount Union eleven besides several teams from smaller institutions. Last week an inventory of the players revealed six broken noses, four broken legs, eight dislocated bones and a dozen broken fingers. "We disband," said the captain, and so the aggregation of cripples gave up its schedule.

## WITHOUT A RUDDER

Steamship Kaiser Wilhelm der Grosse Steams 1,750 Miles.

Steered the Entire Distance by Her Propellers Alone.

Plymouth, Eng., Oct. 29.—The North German Lloyd steamer Kaiser Wilhelm der Grosse from New York, Oct. 22 for Bremen by way of Plymouth and Cherbourg, arrived here today and reported the loss of her rudder when she was two and a half days out from New York, while a fierce storm was raging. She steamed the rest of the distance to Plymouth, 1,750 miles steered by her propellers alone.

On Saturday, the day after the vessel lost her rudder, a regular hurricane was encountered and it had to be used to lessen the violence of the sea.

The passengers were in bed when the accident happened and knew nothing of it for thirty-six hours, when they noticed the reduced daily runs, and the captain explained what had occurred. Her commander, Capt. Pollock remained incessantly on the bridge and did not have any sleep until the steamer reached the English channel. Beyond a delay of thirty hours in reaching this port the passengers of the Kaiser Wilhelm der Grosse were in no way inconvenienced and she left Plymouth for Cherbourg this afternoon without any assistance.

## MURDERED BY HIS OWN BAND

Member of Black Hand Failed to Carry Out Orders.

New York, Oct. 29.—Because he failed to carry out an errand of vengeance Vito Greinaldi, a member of the Black Hand society, was stabbed to death by members of his own band early today on Knoll street, Brooklyn. A dynamite bomb was found secreted beneath Greinaldi's coat, which the police say would have blown up an entire block had it exploded. A loaded revolver was found in his pocket. Papers found on the dead man proved that Greinaldi was a member of the Black Hand and had started to dynamite a man's home who refused to pay tribute to the society. Detectives say that members of the Black Hand followed Greinaldi on his mission and when he balked at his task they killed him. A stiletto lay near Greinaldi's body. There were nine stabs in the body.

## WESTON ON LONG TRAMP.

Veteran Pedestrian to Walk From Portland, Me., to Chicago.

Portland, Me., Oct. 29.—Edward Payson Weston, the veteran pedestrian, who is to walk from here to Chicago is ready for the 1,230 tramp, which begins at 5 o'clock this afternoon. "Forty years ago," said Weston today, "I performed this feat in twenty-six days. My schedule for this trip is practically a duplicate of the other, but I hope to improve on it a little. I purposely start out in the early evening today and will do a twenty-two mile tramp to Kennebunk just to get limbered up so that on Wednesday I shall be equal to a forty-six mile jaunt. This trip will expense me over 100 miles within twenty-four hours."

Duluth People Are Rapidly Falling Into the Check Habit.

Big Jobbing Houses Paying Their Employees With Paper.

Storekeepers and Hotel Men Are Cashing Small Checks.

"I don't believe the situation has been made clear enough," said one of Duluth's prominent jobbers this morning. "The business men understand the situation clearly, and realize that there is no cause for alarm, and that the worst that will come will be some extra trouble, but the working men, or many of them, and others who are not familiar with financial matters, think something is wrong, because they don't get their money. The country is in just the position of a man who has bought a house and paid for it, and hasn't enough money left to pay his grocery bill. Nobody would say he was broke, but he has to have a little time to turn himself before he can get the cash to pay for his groceries."

Duluth people are quite naturally falling into the check habit.

On all sides checks are passing for currency, and citizens, as a general rule, are accepting the situation in a philosophical manner and making the best of it.

There are a few complaints heard, but wherever a "kicker" shows himself, there are half a dozen citizens ready to remonstrate with him, and show him that the only course to pursue is to make the best of it, and not "holler."

## Taking Place of Money.

The rapidly with which checks are taking the place of money is astonishing. For the first time since the currency was established, the Marshall-Wells Hardware company paid its employees with checks yesterday, instead of gold, and today the P. A. Paterson hardware store is doing the same. Checks that something like 500 or 600 checks are in circulation today, from this source alone.

Tomorrow the school teachers of the city will receive their pay in checks as usual. There are about 50 teachers, and with each check the bank will from the board explaining the condition of the banks and suggesting that they pay their bills as far as possible with checks, and not cash them at the bank for the present, unless it is necessary.

Hotels Cashing Checks.

Most of the hotels are making provisions for the cashing of the smaller checks and drafts of the traveling men. Most of the commercial travelers are carrying drafts in the denominations of \$5 and \$10. These the hotels are reluctant to cash. The smaller checks are not, however, as most of the hotels have made some arrangement looking toward the securing of ready cash to meet the emergency.

One of the hotels today made arrangements with a laundry for the transfer of currency in exchange for checks. Other plans are devising methods to secure a supply of ready cash to meet the business demands for ready money.

One hotel proprietor said today that New York houses would have to supply their representatives with drafts of smaller denominations if they were to continue to have their drafts cashed at the hotels. If the decision of the banks to refuse cash payments does not continue more than a week, the inconvenience will result. Should the rule in effect last longer than the traveling men and all travelers offering large drafts will experience some difficulty in having them cashed.

## SOCIALISTS ARRESTED

For Speaking on Streets of Seattle in Defiance of Mayor.

Seattle, Wash., Oct. 29.—Eight Socialist speakers and a like number of sympathizers were arrested here last night for speaking on the streets. The arrests came as a result of the defiance program of the Socialists of Seattle, who have arranged for their speakers to appear in streets every night and attempt to hold public meetings. Mayor Gore has declared that he will not allow these meetings. The Socialists in turn have secured about forty speakers and will continue the meetings as long as the volunteer speakers last. Last night they were not permitted to speak more than a sentence before being bundled into the patrol wagon and sent to jail, where they were refused bail and placed in the chain gang tank. Among those arrested, was Mrs. Hattie E. Titus, wife of a prominent Socialist leader in this city.

## EFFORTS OF DYING MAN

At Poor Farm to Make  
Name Known Are  
Futile.

Victim of Cancer Scrawls  
Illegible Words on  
Paper.

Nearing death's door as the result of a cancer which is slowly but surely eating his life away, the unknown man who applied to the police department for a night's lodging last week, and who was taken to the poor farm, vainly tries to make his name known by every means possible to one in his condition.

The attendants at the poor farm are at their wit's end to evolve some means by which the stranger's story may be made known. He cannot speak, and has vainly attempted to scrawl a few words which might give a clue to his identity, but the writing is in a language unknown to any one who has thus far seen it, and the mystery will probably never be cleared up.

Sunday night the unfortunate man had a sinking spell, and it was thought that death would relieve his suffering, but he rallied and is still alive today, although the end may come at any time.

He has made repeated signs indicating that he wanted a piece of paper to write upon, and these have been willingly furnished. With almost superhuman effort the dying man has scrawled strange lines and characters upon the paper, but nothing can be made out of the scrawls.

The mystery is, however, being solved from and how did he get here? Not a railroad man has been located who recalls bringing him in a train, and in fact no one remembers anything of him until that night when he tottered into the police station and made known that he wanted to sleep there.

The New Duluth Land company, which for some months past has had a force of men at work repairing the houses on its property east of New Duluth, and a short distance west of the plant of the proposed new steel plant, has called off its forces for the winter, and no more work will be done there until spring.

As it is improbable that the houses will find tenants for some time to come, but are being put in shape in anticipation of the future, the company will do no work during the winter months. A large number of the houses have been thoroughly repaired and fitted for occupancy, while some work has been done on others.

Next spring an early start will be made and every house owned by the land company in that vicinity will be given a thorough over-

## DISMANTLE OLD MILL

Abandoned Merrill & Ring  
Structure Easy Prey  
to Flames.

Good Work by Firemen  
Prevents Spread to  
Other Property.

The fire at the old mill of the Merrill & Ring company, at the foot of Main street yesterday was greater in possibilities than in realities. The firemen, by a quick response to the alarm and good work after arriving on the scene, succeeded in confining the flames to the north wing of the building, where they started and the total loss will aggregate only a few hundred dollars, in actual value of property destroyed, and much less in real worth, on account of the fact that the mill was abandoned.

Had the alarm been a few minutes later, the entire building would have gone and probably the flames would have menaced the property of the Alger-Smith company more than they did. The fire started in the north wing of the old building. The watchman was engaged in warming some grass used in greasing the axles of tram cars, when the stuff boiled over and became ignited. It quickly set fire to the dry timbers of the floor and the watchman was unable to do anything with the flames. He turned on the alarm.

Approach to the building was difficult, as the grounds in the vicinity have torn up in the removal of steam and water pipes and other material, resulting from the dismantling of the mill. The firemen were compelled to lay 1,200 feet of hose for each stream, but they succeeded in confining the fire to the sort of room where it started.

The building is open and draughty and had the fire spread to the main portion of the mill, the firemen would have been powerless against it. Their arrival was timely, as the flames were spreading quickly through the dry structure. The Alger-Smith company's lumber piled on the docks was in danger for a time, but it did not take fire and the blaze did not menace the Alger-Smith mill.

All danger of fire in the old building will soon have passed, as the work of dismantling it is going rapidly. The machinery is being removed by the Duluth Iron & Metal company, which purchased it from the owners of the mill, and the building is also being torn down. The sill timbers and other heavy wood-work about the building are still in fairly good condition and will be fit for use again.

## PROGRESS WITH PAVING.

Contractor McDonnell's Forces Moving  
Along on Ramsey Street.

Contractor P. McDonnell's paving forces have now completed the paving of four blocks of Ramsey street, and with good weather continuing for a short time longer, they will have little trouble in finishing the entire contract within the time promised.

The curbing has now been installed to the end of the district on Onondaga street, at Forty-eighth avenue, and the graders are making good progress on Onondaga street. The paving gang has been moving along rapidly in the past week, and this morning the pavement was completed from Fifty-fifth to Fifty-first avenue.

People are beginning to realize the improvement the paving will make in the appearance of the street as the work advances. Ramsey street could never be counted a beautiful thoroughfare previously, but now it is taking on an appearance which makes its residents swell up with pride and look for people living on other West Duluth streets to follow their lead.

## FOR ROBBERING AN AGED MAN

Lloyd Andrews is Bound  
Over to the Grand  
Jury.

Lloyd Andrews was arraigned this morning in municipal court on the charge of grand larceny, the victim of his alleged assault being George Danielson, an aged resident of Park Point. Andrews is bound over to await the action of the grand jury.

Danielson, who is the complaining witness, states that he was drinking in a saloon on Lake avenue, when a man came in and took him by the arm and offered to accompany him across the street.

He accompanied him, and when across on Park Point his companion set upon him, and he was taken to the ground and thrown on his back, emptied of his pockets of their contents, about \$20 in all.

His assailant fled in the darkness, and the man was left to make his way home, suffering from a severe shaking up and several bruises on his face.

## Woman Fined for Assault.

It cost Sade Lord of Solon Spring \$15 for assaulting Henry Argeting. The fine was imposed by Judge Parker in the municipal court yesterday after the jury had found the woman guilty of the assault charged. ## BETTER HOLD BARLEY

Says Member of State Board of Grain Appeals.

Crookston, Minn., Oct. 28.—(Special to The Herald).—T. B. McManus, member of the state board of grain appeals, has returned to his duties at Duluth, after attending the threshing operations on his farm near this city. He was asked before leaving what he thought of the slump in barley, and said:

"I know no more about it than anyone else, officially. My private opinion is that the man who sells his barley at the present price is very foolish. I cannot see why barley will not reach the dollar mark again in the near future. Where is the supply coming from? And barley has had a fairly good crop, but all those in a position to do so have rushed their grain on the market as fast as they could. Barley is an early crop and most of it in this section has been marketed. There has been an immense amount of it thrown on the market during the past three weeks, and this has created a false impression. Where is the rest of the barley coming from?"

## THE DIFFERENCE BETWEEN "Correct" and "Nearly Correct"

Presents a vast contrast in the apparel problem. The tailored garment—(suit or coat)—is the face of your wardrobe and upon it depends the impression of your personal appearance. In consideration of this fact will you be satisfied with the "Nearly Correct?" or can you afford to be satisfied with it?

Yesterday we received more of those handsome suits which are crisp portrayals of "correctness" and evidence our success as style attainers.

Velvets, Broadcloths, Serges, Worsted and other handsome weaves in purely woolen fabrics. Some are conspicuous for their clean-cut preciseness of outline and others for the richness of their trimming effects.

## Woman Fined for Assault.

It cost Sade Lord of Solon Spring \$15 for assaulting Henry Argeting. The fine was imposed by Judge Parker in the municipal court yesterday after the jury had found the woman guilty of the assault charged. The accused's attorney gave notice of an appeal from the verdict and fixed the date of the hearing at the next term of the circuit court.

## Case is Dropped.

Adam and Alexander Grosbocki of South Superior, who were arrested Saturday on a charge of grand larceny, were released yesterday on the order of the district attorney. It is understood that the accused men and the complaining witness held a conference and arrangements were made to drop the prosecution.

## BETTER HOLD BARLEY

Says Member of State Board of Grain Appeals.

Crookston, Minn., Oct. 28.—(Special to The Herald).—T. B. McManus, member of the state board of grain appeals, has returned to his duties at Duluth, after attending the threshing operations on his farm near this city. He was asked before leaving what he thought of the slump in barley, and said:

"I know no more about it than anyone else, officially. My private opinion is that the man who sells his barley at the present price is very foolish. I cannot see why barley will not reach the dollar mark again in the near future. Where is the supply coming from? And barley has had a fairly good crop, but all those in a position to do so have rushed their grain on the market as fast as they could. Barley is an early crop and most of it in this section has been marketed. There has been an immense amount of it thrown on the market during the past three weeks, and this has created a false impression. Where is the rest of the barley coming from?"

## ISSUES CALL TO OLD STUDENTS

President Cant of Alumni Association Gives Notice of Banquet.

In view of the promised visit of President James B. Angell to attend the annual banquet of the Duluth-Superior Alumni association of the University of Michigan, Nov. 19, Judge W. A. Cant, president of the association, has issued the following notice to all former students:

Dr. James B. Angell, president of the University of Michigan, is to be in Duluth on Nov. 19 next. At that time a banquet will be given in his honor. It may well be regarded a rare privilege, and possibly the last we may have, to see and welcome Dr. Angell in this section of the country. All former students of the university, whether graduates or not, are invited to be present and to co-operate in making this a most pleasurable occasion.

Whitely, Palladio building, Duluth, is secretary of the association, and all former students who did not attend the last banquet of the association are requested to mail him their names and addresses.

## COLD WEATHER IN NOVEMBER

## Duluthians Will Get First Real Cold Waves

November is the month which will probably bring with it the first real cold weather which Duluthians have experienced this season. According to

data compiled at the local weather bureau the temperature in one year went as low as 29 degs. below zero during November.

The mean or normal temperature for the month of November during the past thirty-six years has been 29 degs. below zero.

The warmest month was in 1857, when the average temperature was 41 degs. The coldest was November of 1880, when the average was only 20 degs. The highest temperature of any November was 73 degs. on the third day of the month in 1903, and the coldest 29 below on Nov. 29, 1875.

November has an average precipitation of 1.54 inches, the greatest monthly precipitation being in 1886, when 3.42 inches fell. The greatest amount of snowfall recorded in any twenty-four consecutive hours was 8.5 inches on Nov. 22, 1886.

There is on the average a total of seven clear days during November, ten partly cloudy and thirteen cloudy days. The prevailing winds have been from the southwest, and the average hourly velocity for fifteen years has been ten miles. The highest velocity during this November was seventy miles from yesterday morning.

**REPLY TO RAILROADS**

Duluth Jobbers Insist on Extension of Railroad Street.

Deny That the New Highway Would be Deathtrap.

"The city of Duluth may be depended upon to show all railroad interests due consideration, but will not disregard other interests. The people of Duluth are fully aware that the power to devise plans whereby the business interests of Duluth can be conveniently and economically served by all railroads now occupying the field or those which may hereafter desire to come, is centralized to an unusual extent. The men who signed the petition for the extension of this street will doubtless join in the prayer of the council for 'equal protection' with full confidence that such prayer will not be without avail."

The above is the closing statement in a lengthy communication presented to the city council last evening by prominent property holders on the bay shore and along the route of the proposed Railroad street extension.

The petition is signed by the Marshall, Wells company and other prominent wholesalers, and reiterates emphatically the reasons for demanding the extension of the street to Garfield avenue.

The communication is in the nature of a reply to a protest submitted to the council recently by the railroad companies in which there was much matter of a sarcastic nature, relative to the rights of railroads and their difficulty in obtaining such rights these days.

The communication from the wholesalers, received last night, denies that the extension of Railroad street would result in a death trap as intimated in the communication from the railroad company. They cite the result of recent investigations when a man, placed at the roadway, counted on an average of eighty-five teams a day passing under the viaduct. There have been but few accidents, the wholesalers contend, even with no flagman to warn trolley drivers of the approach of trains.

The wholesalers contend that between First and Superior streets, a distance of one and one-half miles, all of the streets radiate from Garfield avenue to the east, with the exception of Birch street, which is closed in the interests of the railroad companies.

They intimate in their communication that they feel that the city of Duluth and property owners have been very liberal with railroad companies in furnishing them entrance to the city without cost at a great sacrifice.

The extension of the street is necessary to the development of bay front property. The communication is a carefully compiled argument in reply to the railroad company's protest and leaves no important feature of the matter untouched. The communication was received without comment and referred to the proper committee.

A petition was received from the Westinghouse company, American Carbolic company, and the Minnesota Loan & Trust company, being a majority of the property owners on that part of Fifty-third avenue lying southerly of the southern boundary of Polk street. The petition asks that a strip of land, sixteen feet wide and 400 in length, be vacated and discontinued as a street on the ground that it has never been used as a street and is unimproved. The petition was referred to the committee.

Property owners on Fourth street, between Sixth avenue east and Sixth avenue west, petitioned the council that all electric light and telephone wires be required placed under ground and that the excavations made by the water and light department be filled this fall.

The petition cites that this street is to be paved next year and that the kind of paving to be put down will be of a more permanent nature than the present and not to be changed for many years in all probability.

Statements from some of the departments of the city showing clerk and office hire in the same for the present year and asking increases in some cases were received.

City Treasurer Voss estimates his clerk hire at \$1,600, one clerk at \$75 per month and \$700 for extra clerk hire. No increase is asked.

The city assessor, in his statement of office hire, places the same at \$5,000, \$2,000 of which is the estimated amount for special deputies. He asks that the salaries of first and second deputies be increased from \$100 to \$125 a month.

A statement from Building Inspector Kielley asked that his clerk be granted an increase from \$80 to \$90 per month, on account of the increased cost of living. The same reason is cited in the request of the city assessor for an increase in salaries.

The city clerk's statement of salaries shows provisions for one deputy at \$1,200, one stenographer at \$1,000 and one clerk at \$800. No increase is asked in this department.

A statement from the fire department shows that the salaries of the department is now \$7,720.

Alderman Sharlet introduced a resolution requesting the postmaster general of the United States and members of congress and United States senators from this district and state to make every effort to secure the installation of Zenith telephones in the federal building here.

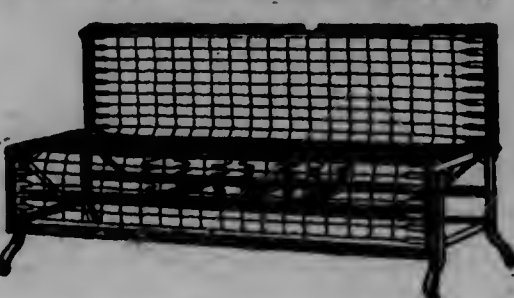

The resolution cites that the independent company is being unfairly discriminated against by the failure of the government to use both phones in the building.

The resolution was adopted by acclamation.

With an idea of keeping within the appropriation for the department, the committee on light and water reported that

Another real estate man, who had the renting of the house, insisted that McKay give a chattel mortgage on his household furniture, valued at \$1,000, Oct. 28 the mortgage came due and McKay failed to pay.

A bailiff seized everything for the claim, which then amounted, with all costs, to \$25. The tears of the two old women had no effect and the auctioneers were told to sell McKay his several thousand dollars due him in payments which he cannot get.

McKay was relying on part of this money to support himself, his sister and parents. The house he lived in, at 175 Walnut street, was not his, and soon his back rent amounted to \$100. ## WEST END DEBATERS ORGANIZE

Twelve West Enders  
Form a Public Speak-  
ing Society.

Will Discuss Topics of  
the Day Once a  
Week.

The Bona club, an organization of West enders interested in debating and public speaking, held its first meeting last evening in Dr. Oredson's office. The gathering was in the nature of an organization meeting, for it was then that the name for the club was chosen, a constitution and by-laws adopted, and officers elected to take the place of the temporary officers chosen some time ago.

George M. Jensen was elected president; Will Anderson, secretary and treasurer, and Rev. J. L. McBride, critic. Frank Swanstrom, Dr. O. A. Oredson and Dr. A. Osterberg were appointed to a membership committee, which will decide upon some plan of initiating new members.

The membership of the club is limited to fifteen and some twelve names are now enrolled. It is Dr. Oredson's plan to have applicants for membership deliver a five-minute speech, and let the rest of the members decide upon their eligibility after hearing it.

Meetings of the club will be held about once a week, and the members will likely be assigned to the different sides of the questions to come before the members.

Last evening the question taken up was, "Resolved, that the bid is beneficial to Duluth." It was decided at the conclusion of the arguments that the honors were about even, and this subject will be discussed again at the next meeting of the club, to be held next Monday evening in Dr. Oredson's office.

The club also has in preparation the following subjects: "Duluth as a Railroad Center," "The Present Navy" and "The Drinkards in Police Court."

The members of the club are George M. Jensen, Will Anderson, Rev. J. L. McBride, Rev. H. K. Madsen, Dr. O. A. Oredson, Dr. A. Osterberg, Ernest Peterson, Leonard Peterson, Frank Swanstrom, Walter Eng and Oscar Heim.

### CLOTHES-LINE ROBBERIES.

It is Hardly Safe to Hang Underwear Outside.

The despoiler of clothes lines is getting in his nefarious work in the West end.

It is getting so that when the West end housewives put clothes on the lines in their back yards, they must sit down and watch them, or some one will walk off with a union suit or a clean shirt. Along about dusk seems to be the favorite time for the clothes-line thief. Clean clothes that have been hung in the afternoon may be allowed to remain outside, enjoying the stiffening breeze, until evening, and then maybe all of the clothes are there and maybe they are not.

Now that the weather is getting cold, West enders do not relish the idea of persons stealing their perfectly good underwear.

And the thieves must be of both sexes, for they steal—well, everything they can get their hands on.

### West End Shortfalls.

Mrs. John Mattson and five children have gone to Spokane, Wash., where they will join Mr. Mattson. They expect to make their future home in the Washington city. For a long time, they have been residents of the West end.

John Nord and Eliot Bergholm have gone to the Pacific coast country, Mr. Nord to Portland and Mr. Bergholm to Seattle.

Misses Nellie Rapp and Esther Bloom left yesterday for Los Angeles, Cal., where they will spend the winter. Miss Victoria Clausen has returned from Grand Lake, where she has been visiting her parents for the past two weeks.

Mrs. E. A. Smith left yesterday for Chippewa Falls, Wis., where she will visit her parents, Mr. and Mrs. Alex Wiley.

It is worth while to see our hats, none better, bring your old hat—we'll make it new. Pearson's, 134 Piedmont avenue west.

E. A. Egery, editor of the Lake Superior Enterprise, spent yesterday in the West end with his old friend, E. A. Smith of the Pasco pharmacy.

Members of the First Swedish Baptist church are planning a benefit entertainment for Mrs. S. Hammerback, a member of the congregation and an earnest church worker, who is just recovering from a long stage of illness and a painful operation. Ill luck has been clinging closely to Mrs. Hammerback's skirts. Her husband died about a year ago and she has been ill ever since. The entertainment will be held at the church on the evening of Nov. 7.

The annual meeting of the Swedish Christian Sick benefit society will be held Friday evening at Sloan's hall, Twentieth avenue west and Superior street. The election of officers will take place then and the society's work during the past year will be reviewed.

The reports of President Thoren and the other officers will be heard.

Strengthen your lungs before cold weather sets in; use our Norwegian cod liver oil. Lion Drug store, 292 West Superior street.

Fred Johnson of Tacoma, Wash., is visiting relatives in the West end.

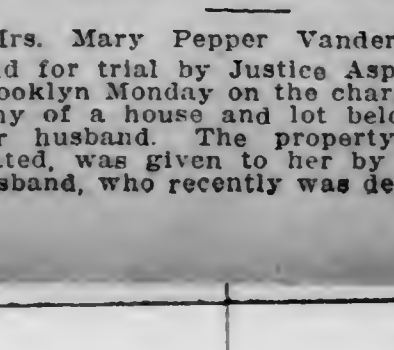

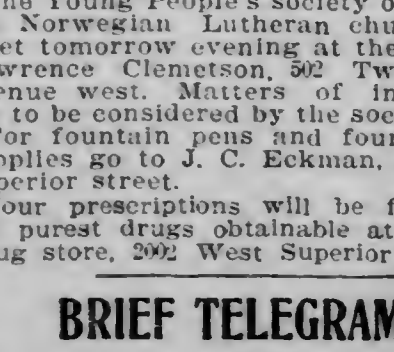

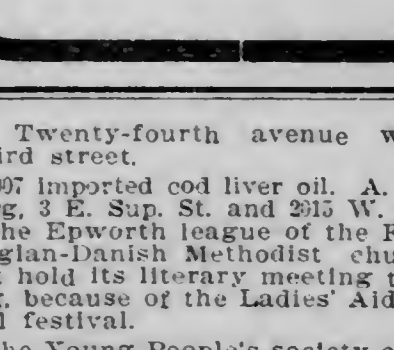

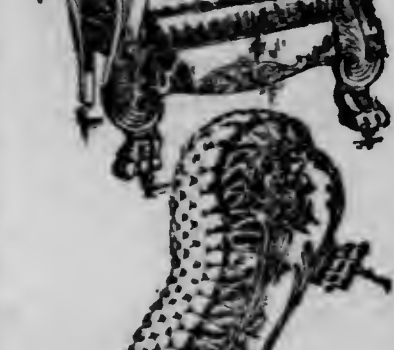

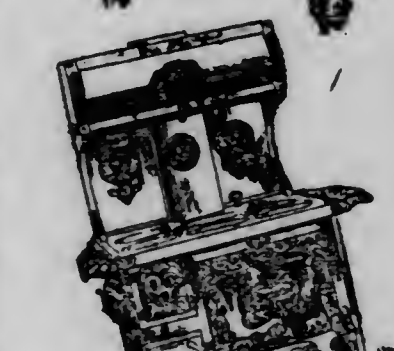

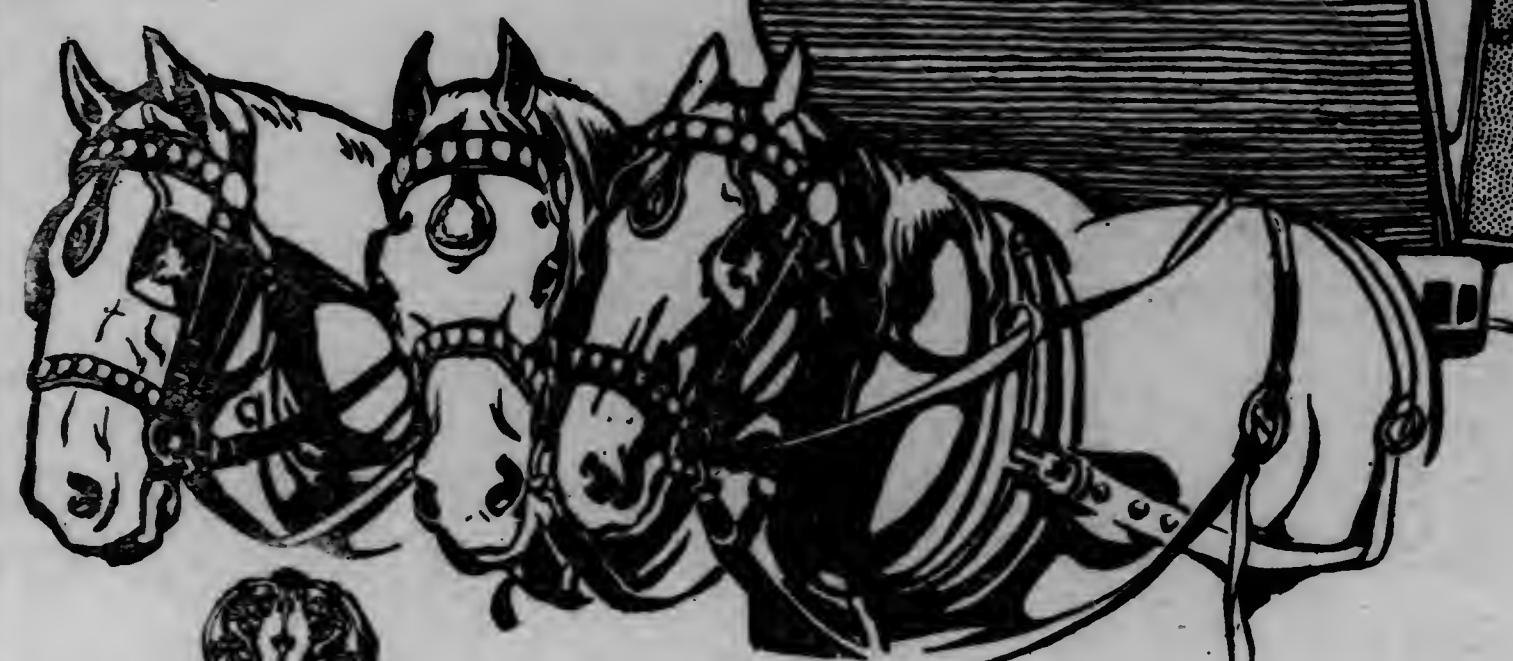

The Ladies Aid society of the First Norwegian-Danish Methodist church will conduct a fall festival there this evening, the proceeds of which will go toward a handsome stained glass window for the front of the new church, which is now in the course of erection.

### BRIEF TELEGRAMS.

Mrs. Mary Pepper Vanderbilt was held for trial by Justice Aspinwall in Brooklyn Monday on the charge of larceny of a house and lot belonging to her husband. The property, it was stated, was given to her by her aged husband, who recently was declared incompetent to manage his own affairs.

The United States circuit court of appeals, sitting at Montgomery, Ala., Monday denied a rehearing to Green and Gaynor.

The grand jury of Marshall county, Iowa, has indicted the Chicago Great Western railway on two counts of selling liquor on trains.

Hugo Deussenberg, the 18-year-old youth, who threw a pop bottle that almost fractured umpire "Billy" Evans' skull during an American league ball game last August, was fined \$100 Monday by Judge Rogers in the court of general sessions at St. Louis. Deussenberg pleaded guilty to a charge of assault.

CAUSE OF EXCESS FAT.  
The doctors claim the liver is at fault when one's fat becomes excessive. Excessing and starvation are usually prescribed, but both are dangerous. This simple home receipt, 1/2 oz. Marmola, 1/2 oz. Fluid Extract Cascara Aromatic, 2 1/2 oz. Syrup Simplex, taken one teaspoonful after meals and at bedtime, is far more satisfactory and safer. It takes off the fat very quickly without ill effects, and costs but a small sum at any drug store.

Foreign Missionary society of the Methodist Episcopal church Monday accepted the resignation of Mrs. J. T. Grady of Rochester, N. Y., for thirty-nine years a member of the central committee of missions. Her vacancy was filled by Miss Elizabeth Northrup of Boston, editor of the Woman's Missionary Friend.

Jefferson county, Ala., after one of the hottest campaigns in its history, has gone dry. While it is impossible to give the majority, it is understood that it will be 1,500. The city of Birmingham gave a majority of 320 against prohibition.

FOR YOUNG WOMEN.

Place for Strangers in Fargo to Board is Proposed.

Fargo, N. D., Oct. 22.—(Special to The Herald.)—A meeting of the board of control of the Young Women's club was held at the club rooms in the Edwards building, Mrs. Tinsley, president of the W. C. T. U., presided. The proposition to establish a women's boarding house for the

sake of providing a good Christian home for young women coming to the city, for women only, and board at cost, was taken up and the president was authorized to appoint a committee on finance. No canvass for funds will be made among the business men of the city. Any lodges, churches and societies interested in the movement are cordially invited to cooperate and assist. Similar boarding places are being successfully conducted in Minneapolis and other cities, and it is the belief of those having the matter in hand that a women's boarding house in Fargo can be made a success. The matter will be pushed.

SUPPORTS HIS FAMILY

On Small Farm of Only Thirty Acres Near Moorhead.

Moorhead, Minn., Oct. 22.—(Special to The Herald.)—John F. Relf, residing near here has some thirty acres from the products of which he is nicely supporting his family. He has seven acres of time corn this year of the Yankee variety, which yielded thirty-three bushels per

acre. He has a corn crib with a capacity of 400 bushels, something of a novelty in this vicinity. Ten acres of potatoes averaged 200 bushels per acre and from a peck of white beans sowed last spring he harvested eight and a half bushels this fall. On one-fourth of an acre he harvested 400 cabbages.

What proportion of a newspaper's readers will read an ad? What proportion will read a news story? In each instance it depends upon the appeal to the personal interest—the cleverness of construction—the lure of typographical appearance.

### STREET CARS.

NOTICE TO THE PUBLIC.

This company operates a street railway line in the city of Duluth between Third avenue east and the end of Rice's Point, and another street railway line in the city of Superior between Twenty-first street and the end of Connor's Point. These lines are operated by the Duluth and Superior Street Railway Company, which is a corporation organized under the laws of the State of Wisconsin, and is a member of the National City Street Railway Association.

The fare for a continuous ride in one direction between any two points on either one of these lines is 5c. The public is hereby notified that this company does not, by undertaking to carry any passenger, or by accepting fare for such carriage, assume any responsibility beyond that of carrying such passenger safely between points on the above mentioned lines.

This company is not responsible for close connections, nor safe transportation, between the above mentioned lines by ferryboat or other means of transportation. While the employees of this company have been instructed to keep themselves posted and give upon request all the information they can as to the probability of connections being made with other transportation lines, the company has no better means of forecasting unexpected interruptions in the service of such lines nor of telling how long such interruptions will continue, than the public has, and therefore, cannot be responsible for notice of such interruptions.

## DECISION IN LAND CASE

Another chapter in the famous Raab-Shea contest case, which was tried at the local land office a year and a half ago, has been closed. The secretary of the interior has handed down a decision affirming that of the general land office and sustaining the decision against Raab made by Register Engle of the Duluth office.

The title of the case on the records is Elwood L. Raab against William H. Shea and it was tried at the local office during February, 1906. It took ten days to get all the testimony and some of the best lawyers were engaged by the participants.

Dissenting opinions were filed by Receiver Smith and Register Engle in August of last year. The receiver decided in favor of Raab while Register Engle decided in favor of Shea. Raab appealed from Engle's opinion in the general land office and after the commissioner general had gone over the testimony he also decided in favor of Shea. Last May the general land office handed down a decision reversing the decision of the receiver and sustaining that of Register Engle.

Raah, however, was not yet satisfied and from the decision of the general land office he appealed to the secretary of the interior. The latter also sustained Register Engle in his decision in favor of Shea. The secretary's decision was received at the land office today.

## CARPENTER ENDS LIFE WITH CARBOLIC ACID

Dependent as the result of over-indulgence in intoxicants, Donald McLean, a carpenter, 55 years of age, committed suicide last evening by drinking carbolic acid at his home, 13 West Fifth street.

Mr. McLean had been dependent for some time, and had threatened to commit suicide on several occasions. Monday his wife and daughter discovered a bottle of carbolic acid in his clothes, and taking it away emptied out the poison and filled the bottle with water.

When Mr. McLean discovered the trick, he exclaimed, "You won't fool me the next time." Last evening the daughter went for a walk with a guest at the house, Mrs.

Harry Anderson. When they returned about 8:30 o'clock, they saw Mr. McLean walking ahead of them. He entered the house and went to his room, where they found him a few minutes later lying on the bed. The smell of carbolic acid was noticeable and a doctor was immediately summoned, but Mr. McLean died about 10:30 o'clock.

The funeral is being held this afternoon from Stewart's undertaking rooms.

Mr. McLean was a carpenter by trade but had been out of work for some time, and had sold some of his tools to get liquor, it is stated. He leaves a wife and daughter in Duluth, a son in Washington and another in Michigan. A brother Charles McLean, is also living in Duluth.

## COPPERS RALLY FROM WEAKNESS AT OPENING

Heavy Selling in Leading  
Issues Early  
in Day.

Better Tone is Noticeable  
at the Close,  
However.

Copper stocks were weak at the opening of the market today, but during the latter part of the session a good rally set in, which lasted until the close. Prices started upward with a good buying demand and the close was stronger than yesterday.

Profit-taking sales and a decline in the London metal market put prices down at the opening. There was heavy selling of some of the leading issues, including Greene-Cananea, but most of them enjoyed a decided reaction before the close.

The selling of Greene-Cananea was reported to be on the rumor, which has been frequently heard here this week that a complete shut-down had taken place at the Greene-Cananea properties. More than 4,000 shares of Greene-Cananea were traded in through Walter W. Carr's office during the day. A better feeling all around was noticeable during the latter part of the day, however. Money became easier and the copper metal market became stronger. The metal exchange announced an increase of 1/4 cent in all grades of the metal.

North Butte opened at \$39.50, went as low as \$39 and rallied to \$41.37 1/2 asked, higher than yesterday's.

Amalgamated opened at \$49.12 1/2, went off to \$48.25, rallied to \$52 and closed at \$52 bid.

Greene-Cananea opened at \$6.50, advanced to \$6.75, sold off to \$6.37 1/2, and closed at \$6.50 bid and \$6.62 1/2 asked.

Butte Coalition opened at \$14.62 1/2, declined to \$14.25, rallied to \$15 and closed at \$15 bid and \$15.25 asked.

Calumet & Arizona opened at \$100, sold as high as \$103 and closed at \$102 bid and \$104 asked. Anaconda opened at \$22, declined to \$21.62 1/2, rallied to \$24.50 and closed at \$24.12 1/2 bid.

Superior & Pittsburg sold at \$9.12 1/2.

**J. S. LANE'S EDITORIAL.**

All tailors may look alike to you. But I consider my work just a little more satisfactory—just a little better—and considerably cheaper than the ordinary tailor.

I have given this business lots of attention.

I have a life's experience as a practical tailor to back me up.

And when I say that for \$30, \$35 or \$40, I make as good a suit or overcoat as any other Duluth tailor makes for \$40, \$45 or \$50, I'm telling the truth.

Use the same good judgment in buying your clothes that you exercise in your business.

Don't buy a ready-made guess-fit at any price.

And don't pay a ridiculous price for a name or location.

Yours truly,

**J. S. LANE,**

217 West Superior Street.

went off to \$9, rallied to \$9.37 1/2 and closed at \$9.25 bid and \$9.50 asked. Globe Consolidated sold at \$4.50 advanced to \$4.87 1/2 and closed at \$4.62 1/2 bid and \$4.87 1/2 asked. Denn-Arizona sold at \$3.62 1/2, went off to \$3.50, rallied to \$3.75 and closed at \$3.62 1/2 bid and \$3.75 asked.

Calumet & Arizona sold at \$5.25 and closed at \$5 bid and \$5.50 asked; Butte & Superior at \$1.75 and \$1.62 1/2 and closed at \$1.62 1/2 bid and \$1.75 asked; Copper Queen of Idaho at \$1.12 1/2 and closed at \$1 bid and \$1.06 asked; CHIT at \$1 and closed at \$1 bid and \$1.06 asked.

Keweenaw closed at \$4.75 bid and \$5.12 1/2 asked. Hancock at \$4.75 bid and \$5 asked. Nipissing at \$6.37 1/2 bid and \$6.62 1/2 asked. Warren at \$2.75 bid and Carman at \$2.25 bid and \$2.50 asked.

Black Mountain sold at \$4.37 1/2 and \$4.25 and closed at \$4.25 bid and \$4.50 asked.

**Hearing Set Over.**  
E. P. Walker, accused of having appropriated \$12 of the Consolidated Casualty company's money, will have his hearing Friday.

**Funeral of Edna Green.**  
The funeral of Edna Green, daughter of Capt. and Mrs. Walter Green, was held this afternoon at 2 o'clock from the residence. Rev. Reed, assistant rector of St. Paul's Episcopal church, officiated.

**Two Oscar Lundquists.**  
Oscar Lundquist of 300 Nineteenth avenue, Duluth, was brought to St. Paul, Minn., yesterday afternoon by a report that he had been arrested for the murder of a man who was recently arraigned in police court on the charge of drunkenness.

Mr. Lundquist of Nineteenth avenue is no relation to the man who was taken in by the police drag net.

**Lutheran Services.**  
Four Lutheran churches will unite in services at the First Swedish Lutheran church, Sixth avenue east and Third street, tomorrow evening, in observance of Reformation day. The churches which will participate in these services are the First Norwegian Lutheran church, St. John's English Lutheran church, the German Lutheran church, the Swedish Lutheran church, Rev. C. G. Olson, pastor of Bethany church in the West, will talk on "Luther and His Work," and Rev. J. L. Murphy of St. John's church on the "Religious Development of the Country."

**Burrows Not Alarmed.**  
M. S. Burrows was in Duluth yesterday and left last night for St. Paul and Kansas City. Recently Mr. Burrows has been in Chicago and Kansas City. He does not think that the disturbances in Chicago which have been shaking the country will last any length of time, but expects from now on the cost of living will decrease somewhat.

**E. L. Fisher Returns.**  
E. L. Fisher, former postmaster of Duluth, has returned from the Rainy River country where he has been for the past seven weeks to improve his health. He roughed it in the woods and says he gained sixteen pounds, and is feeling better than he has in several years.

**Boys Plan Big Party.**  
A big Halloween party or "blowout," as the boys designate it, will be given at the auditorium of the boys' department of the Y. M. C. A. tomorrow evening, according to the announcement of the committee in charge of social affairs. All the old-fashioned and the customary of Halloween will be played, and there will be contests and sports. Refreshments will be served.

**Starts Ejectment Suit.**  
Thomas Cassidy of Biwabik has started suit against Amanda League, alias Maude Cassidy, to recover judgment for \$1,000 and to recover possession of the premises known as lot 2, block 67, Biwabik, which the defendant claims to be unlawfully occupying. The amount sued for is alleged to be due Cassidy in rents and profits on the property.

**Leaves for St. Paul.**  
W. E. McEwen, who has been appointed state oil inspector by Governor Johnson, will leave for St. Paul, Minn., where he will take up the duties of the office on Nov. 1. Duluth will still be Mr. McEwen's home and his family will remain here. He expects to make weekly trips to Duluth to look after his business interests here.

**Funeral of Suicide.**  
The funeral of the unknown man who committed suicide by jumping into the bay Sunday will be held from Durkin & Crawford's tomorrow afternoon. Interment will be made at Park Hill.

Thus far nothing has been heard from relatives of the man. His name is supposed to be D. A. West, from cards found upon him at the time he was taken to the police station where he was lodged Sunday night.

**Hip Is Fractured.**  
Mike Masinok, aged 14 years, living in the town of Gresham, was brought to St. Mary's hospital this morning with a broken hip. The boy was driving a team of horses, when they suddenly bolted, throwing him from the wagon.

**Halloween Dance!**  
Given by the Duluth Labor Pavilion association at FAIRMOUNT PARK, Thursday, Oct. 31. Music by Di Marco orchestra. ADMISSION 50c.

**Jewelers in Lawsuit.**  
M. Henrickson has started suit against Carl Palmer, in the district court, to recover \$200 claimed to have been given the latter subject to repayment on demand. Mr. Palmer has filed in his answer a counterclaim in which he claims that he and Henrickson entered into an agreement to conduct the Northwestern Jewelers' Manufacturing company, of which Palmer was to be manager at \$100 per month and share in the profits. Palmer claims that Henrickson became indebted to him for salary in the sum of \$80, also that Henrickson defrauded him by misrepresenting the profits. An accounting of the business is demanded by Palmer.

**Lieut. Gay to Visit City.**  
Lieut. Jesse B. Gay, in charge of the naval recruiting stations in Minnesota, will come up from Minneapolis tomorrow for the purpose of enlisting the recruits who have been secured by the local officers during the last week. Dr. Bogan, the medical officer in charge, will accompany him.

## NEWS OF THE NORTHWEST

## FARMERS TO HAVE MEET

Institute to be Held Saturday in Bemidji City Hall.

Professors Wilson and McGuire to be Among Speakers.

Bemidji, Minn., Oct. 30.—(Special to The Herald.)—Much interest is taken in the farmers' institute, which will be held in the city hall Saturday, when it is proposed to have a roasting meeting of the farmers in the vicinity of Bemidji, to listen to the disseminating of information on how to farm in an up-to-date manner.

Prof. A. D. Wilson, superintendent of the Minnesota Farmers' Institute, and A. J. McGuire, superintendent of the Northeast State Experimental farm of Grand Rapids, will address the farmers.

Messrs. Wilson and McGuire will speak in both the forenoon and afternoon, and they will have real live subjects for discussion with the farmers who attend the institute. The subjects to be discussed are: Clearing land, dairying, growing seed, etc., raising bacon hogs, marketing farm products and other like topics.

They will be prepared to answer any questions regarding any subject pertaining to farming, and more especially to the requirements of the farms located in Northern Minnesota. Institutes have been held in St. Louis county during the past week, and they have all been well attended. Reports from these institutes are to the effect that great interest has been manifested in the subjects delivered by Mr. McGuire and Mr. Wilson.

## TUMOR FROM BRAIN.

Daring Operation is Performed by Celebrated Mayo Brothers.

Rochester, Minn., Oct. 29.—(Special to The Herald.)—One of the most daring operations ever performed by the Mayo brothers, was an operation at St. Mary's hospital yesterday, when a tumor, was removed from the brain of Dr. J. L. Whitney, a Marshalltown, Iowa, dentist, as a last resort to restore his senses. The operation is declared to be unheard of in surgery, and widespread interest is shown by the visiting doctors who are at

ways in attendance upon operations here. Dr. Whitney's condition is serious, but he is by no means surrenders.

When the National Dental association met in Minneapolis recently, Dr. Whitney submitted to an operation at a clinic in which cocaine was used. Either by reason of the action of the cocaine, or because of the affection of some nerve, a tumor developed upon the brain.

Dr. Whitney has been unable to speak for some time.

Carlton, Minn., Oct. 30.—(Special to The Herald.)—Shortly after midnight an unknown crazy man entered the railway interlocking tower at this place and attacked William Flynn, the tower man, driving him from the tower, after which he proceeded to demolish everything in sight, throwing lamps, chairs, cuspidors and everything movable out through the windows. The sheriff was immediately summoned and it took the combined efforts of himself and three deputies to put the intruder under restraint.

He was so violently insane. Before they succeeded in placing him in a straight jacket he had delayed several Northern Pacific and Great Northern trains for more than an hour and when Mr. Flynn finally regained possession of the interlocking plant and released the trains it resembled the path of a Kansas cyclone.

## LICENSE FOR ENGINE.

It Has Killed Deer and Engineer is Lawabiding.

Ashland, Wis., Oct. 30.—(Special to The Herald.)—Engineer Will Mason has applied at the city treasurer's office for a hunting license for his engine, No. 70. The engine has killed a couple of deer lately, and Mr. Mason does not wish to run afoul of the game laws. He was directed to the county clerk's office.

## ASHLAND MAN

Is Chairman of Committee to Boom Senator La Follette.

Madison, Wis., Oct. 30.—(Special to The Herald.)—A committee was organized here Tuesday to promote the candidacy of Senator Robert M. La Follette for the Republican nomination for president.

The conference at which the committee was appointed was attended by thirty Republican leaders of the state.

An executive committee to direct the work was also chosen. The executive committee is composed of State Senator A. W. Sanborn of Ashland, chairman; Assemblyman Herman L. Eken, Whitehall; State Treasurer, A. H. Dahl; John F. Puelhofer, William J. McElroy and August C. Backus, all of Milwaukee; Alfred T. Rogers, Madison; Walter Owen, Hudson, and State Senator Harry C. Martin, Darlington.

SWITZER FACES CANADIAN JAIL

Because He Married After Getting North Dakota Divorce.

Gilby, N. D., Oct. 30.—(Special to The Herald.)—The courts of Canada evidently do not consider divorces secured in North Dakota as legal as William E. Switzer, a Canadian, residing in Ontario, who formerly lived in this state and secured a divorce here and remarried, is charged with bigamy. Testimony has just been taken here in the Switzer case to be taken in the Ontario courts.

Switzer lived for quite a while at Strathclair, Man. He separated from his wife while there and went to Dickinson, N. D., where he secured a divorce, after living the required time. He failed to declare his intention of becoming an American citizen during his stay on this side of the border. At Pembina he married a Canadian girl and they returned to Canada to make their residence in that country.

After his return to Ontario with a new wife there was a great sensation and his arrest was soon brought about. In the eyes of the Canadian law, it is stated, the divorce granted in North Dakota is void, and he is just as much a bigamist as though he had never been divorced from his first wife. Had Switzer resided in North Dakota a sufficient length of time and become a citizen of the United States he could have remarried and would have escaped prosecution upon his return to Canada, it is stated. Attorneys who are familiar with the Canadian laws and courts state that Switzer stands a poor show of escaping prison.

KILLS HIS RIVAL; WOUNDS WOMAN

Brutal Tragedy During Indian Dance at Black River Falls.

Black River Falls, Wis., Oct. 30.—Primitive love, and the deadly jealousy and hate which prevails among the red men, has resulted here in the killing of Albert Decorah, grandson of former Chief Decorah of the Winnebago Indians, and Mary Warolub, Decorah's former wife, recently his sweetheart, lies at the point of death. The tragedy occurred here Sunday morning about 4:30 o'clock, during the progress of the annual medicine dance, which the Indians hold.

The circumstances of this tragedy of Indian hate and jealousy are shrouded in mystery. The murderer is still at large, although the authorities are making a vigorous effort to trace him. The murder occurred with all the native brutality that an Indian mind could devise. Using an ax or hatchet, the murderer beat down his victim with a brutality and instinctive hatred that makes the story read like a thrilling chapter from Jack London.

When found, Decorah was dead and the woman unconscious. She is now receiving medical care and is not expected to live. The Indians buried the body of Decorah immediately but it was exhumed by the authorities and placed in a coffin. The Indians are very reticent over the affair and the authorities are experiencing much difficulty in probing the affair.

## NORTH DAKOTA MONEY.

May be Loaned to the Big Armour Packing Concern.

Grand Forks, N. D., Oct. 30.—(Special to The Herald.)—Armour & Co., one of the biggest packing concerns in the world, has asked at least six North Dakota banks for a loan of \$200,000 from each, and offer 200 per cent value as security and a good rate of interest for the advancement of the money. For the first time in the history of the country, the East has come to North Dakota for money, whereas before it has always been the West that has gone to the East when a shortage or stringency is reported. North Dakota has shown herself to be the most prosperous state in the Union this fall, and the people from other sections of the country are awakening to the fact that this is not such a bleak, barren desert after all. The packing company will very likely get the loan asked for, as there is plenty of money in the banks of the state and the financial situation in North Dakota is better than in any where in the whole United States.

## MINNESOTA IN BRIEF

Red Wing.—The funeral of Minnesota's pioneer Indian missionary, and Red Wing's first white settler, the late Rev. Joseph W. Hancock, took place Monday. The entire city paid tribute to its honored dead and the business houses and public offices were closed during the hours of the funeral.

St. Paul.—St. Paul will pay taxes at the rate of one-tenth of a mill less next year than this year, notwithstanding that the state and county rates have been increased. The rate of levy is based on a total assessed valuation of \$194,556,746 for the property in the city, and the rate is 2.5 mills as compared with 2.6 mills for the present year.

New Richmond.—The 3 years and 6 months old daughter of Albert Schaefer, a farmer residing in the town of Aiden, while playing about the kitchen, fell into a kettle and was scalded to death.

Merrill.—August Metzahn was fatally burned when starting a fire with kerosene. Neighbors saw flames issuing from the house, and found Mr. Metzahn unconscious on the floor. The house was considerably damaged.

Tony.—Joseph Hasi was placed under arrest and held in \$1,000 bonds, charged with attempting to burn his saloon building in the village of Bruce, Rusk county. Fire was noticed by residents who broke into the place, and found that oil had been used in the whiskey room, and Hasi, the owner, had left town, which led to his speedy arrest.

Chippewa Falls.—Farmers in the vicinity of Ladysmith have banded together to protect themselves against reckless hunters. It is claimed that hunters have been killing poultry, and in some cases cattle and horses. The farmers state that they intend to keep a strict lookout hereafter for hunters, and the first one found trespassing on their lands will be prosecuted.

## Twin Sisters, Hale and Hearty at 73

Mrs. Emma Shively and Mrs. Belle Beatty, twin sisters, who are now 73 years of age, enjoy health and strength, and seldom have an ache or pain, thanks to the God-given medicine, Duffy's Pure Malt Whiskey.

Mrs. Emma Shively resides at Big Clifty, Ky., and Mrs. Belle Beatty at Louisville, Ky. The illustration is taken from late photographs and shows how bright and vigorous they both are.

Mrs. Emma Shively and Mrs. Belle Beatty, Twin Sisters, 73 Years Old.

"I am in my 73d year and preserve my health and keep my strength up by using Duffy's Pure Malt Whiskey. Have been using it for several years. As a tonic for old age I consider it without an equal."—MRS. EMMA SHIVELY, Big Clifty, Ky., Feb. 28th, 1907.

"Before I began the use of your Duffy's Malt Whiskey last May I was so run down and nervous I could not walk a square; after taking several bottles I became strong and felt better than I did for years, so I have been using it ever since, and I now seldom ever have an ache or a pain. I am 73 years old."—MRS. BELLE BEATTY, 1731 15th St., Louisville, Ky.

## Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a marmalade, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture its palatability and freedom from injurious substances renders it so that it can be retained by the most sensitive stomach.

If you wish to keep young, strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions. It is dangerous to fill your system with drugs. They poison the body and depress the heart, while Duffy's Pure Malt Whiskey tones and strengthens the heart action and purifies the entire system. It is recognized as a medicine everywhere. Duffy's Pure Malt Whiskey has been analyzed and tested by chemists for the past fifty years, and has always been found absolutely pure and to contain great medicinal properties.

CAUTION—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It is the one absolutely pure medicinal whiskey and is sold only in sealed bottles—never in bulk. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Price \$1.00. Illustrated medical booklet and doctor's advice free. ## Green Room Gossip.

"Jimmie" Hutton has been in the show business so long he has almost forgotten when he started. He is one of the veterans of the profession of press agent, and for several years past has been on the Savage staff. This year Mr. Hutton is piloting an edition de luxe of "The Prince of Finken" and he was in Duluth yesterday making arrangements for the engagement here Monday evening.

It is a Savage production and that ought to be sufficient guarantee," said Mr. Hutton. "It is an actual fact that

we have been breaking all records for the show. Our company is a stronger one, I believe, than the one that came out of Chicago five years ago. Everything is as new as if it were just taken out of the boxes."

W. A. Whitecar will be at the Lyceum Friday and Saturday, starting in a new Western, drama, "An Old Sweetheart of Mine."

Marie Cahill always leaves behind her something new to whistle. She donated "Nancy Brown," "The Congo Love Song," "Under the Bamboo Tree," "You Can't Fool All of the People All of the Time," and a score of others. This

"Pete," the mule used by Van Cleave and Denton in their act with the Oriental Cozy Corner Girls, who are at the Metropolitan this week, is well taken care of. He leads a pretty easy life for a mule, despite what they may say about traveling being so tedious. Every time "Pete" goes on the stage, his feet are encased in shoes. His blankets are all warm affairs, and a youth sees to it that they carefully cover those parts of "Pete's" most sensitive to the cold. "Pete" acts every evening and some afternoons, and does nothing else.

READY TO BEGIN OVER.

Londergan, Once Wealthy, Loses All by Bank Failure and Settlement.

Mason City, Iowa, Oct. 30.—After introducing all the evidence, the litigants in the case of Belle C. Londergan vs. W. V. Crasner, in which the plaintiff asked for an accounting of the returns of certain lands held by the assigned estate of the Bank of Thornton through certain debts owed the bank by the husband of Mrs. Londergan, affected a settlement today.

The evidence showed that Mrs. Londergan had signed notes for about \$3,000, covering her husband's indebtedness and that the farm, which had been decided to her, was turned over at the time of the failure of the Bank of Thornton as security for debts owed the bank. Mrs. Londergan claimed the land could not be held for debts not secured by notes bearing her signature.

The claim of the bank against Londergan aggregated about \$18,000, and the settlement was on the basis that these debts be canceled and waive all equity in the land. This leaves Con Londergan, at one time one of the wealthiest men of the county, free of debt, but penniless.

PRESIDENT TO EXPLAIN.

Washington, Oct. 30.—On reliable information it may be said that President Roosevelt has revised his annual message to congress in order that he may treat more fully the question of high finance in the light of the late hurries in Wall street. In the message as originally prepared it is understood that this subject was treated in the characteristic Roosevelt style now so familiar to the country and compressed within rather narrow compass. It is now said to be his intention to expand that portion of the message to the end that he may show that he is not against capital as such, but merely against those who use capital dishonestly. He will treat of the Wall street troubles and restate his policy with a view to making it clear to all the people. This restatement he believes is justified on account of the fact that numerous people have been inclined to hold him responsible for the financial difficulties of the past few weeks.

## BRIEF TELEGRAMS.

An explosion of natural gas Tuesday wrecked the home of Mrs. William Eldridge in Kansas City, Kan., and per-

haps fatally injured the woman and her 10-year-old daughter.

James E. Lytle, the alleged promoter of the now defunct Automatic Needle company of New York and the Self Threading Needle company of Minneapolis, was arrested Tuesday, charged with grand larceny in connection with the sale of the stocks of these companies. He was held in \$15,000 bail for examination Thursday.

B. H. Stockwell, Tulsa, I. T., shot and instantly killed W. E. Campbell, a prominent oil man and capitalist, formerly of Winfield, Kan., Tuesday night and then murdered his own son, aged 18, and committed suicide. Insane jealousy is given as the cause. The heads of all three were blown off.

White House Report Says Enthusiastic Senator Bourne Received Rebuff.

Washington, Oct. 30.—An interesting development of the day at the White House will make third-term boomers a little cautious. There is excellent authority for the statement that the president has informed Senator Bourne that his persistent third-term propaganda is not receiving hearty endorsement at the White House.

## FIND ROAD IN GOOD SHAPE

### County Commissioners Inspect Swan Lake Road Extension.

County Commissioners Patterson, Sundeen and McInnis comprised a committee from the county board that went to Albion this week to inspect and accept a mile extension of the Swan Lake road between Albion and Floodwood, which was constructed on contract this year.

The Swan Lake road has been authorized from Albion to Floodwood, a distance of about twenty-three miles, but thus far only three miles of the road has been constructed from the Albion end and about two miles from the Floodwood end.

The mile of road constructed on the Albion end of the highway this past summer is said by the commissioners to be an excellent piece of road work, and they are well satisfied with it. The mile of new road cost \$750. It was constructed under contract by a farmer residing along the route.

The committee will make a report on the road at the meeting of the county board, which will be held Thursday, Nov. 7.

## COLLIE AND PUP AROUSE PITY

### Dog Deserted by Owner Touches Hearts of Park Pointers.

The pitiful cries of a half-famished female dog and its puppy have touched the hearts of Park Point residents, and there is considerable indignation expressed at the apparent cruelty on the part of the people who deserted the animal and her little one, leaving them to starve for themselves when they left the point not long ago.

It has been reported to the Humane society and officials of that society have in turn notified the police. Chief Troyer instructed an officer to hunt up the dogs and bring them over to the station.

Park Pointers state that the actions of the mother dog were almost human. The dog is a collie and an exceptionally bright one, and could be seen every morning, followed by the puppy, cowering at the door of first one cottage and then another, barking pitifully for food. It has been fed by kind-hearted people on the point for some time, but the pair are more or less of a nuisance, and complaint was made to the authorities.

It is stated that the people who owned the dogs moved from the point to Ohio not long ago, leaving the animals behind them.

## ILLUSTRATIONS OF NAVAL LIFE

### Free Moving Picture Entertainments to be Given Here.

Chief Yeoman Shaw of the Duluth naval recruiting station yesterday received word that a series of free moving picture entertainments illustrating the life in the United States navy will be given in Duluth about the middle of November.

By this method the recruiters hope to gain a number of recruits. A similar series of entertainments is being given in all the cities of the Northwest. At present the picture machine is in Chicago but will be brought to Duluth in two or three weeks.

The entertainments will probably be given at the armory and the machine will probably be in the city several nights.

## STATEMENT BY CHAIRMAN GARY

### Of Steel Corporation Shows Excellent Condition of Business.

New York, Oct. 30.—At the meeting of the board of directors of the United States Steel corporation yesterday, Chairman Gary made the following statement:

"On June 30, 1907, our company had on hand unfilled orders aggregating 7,643,875 tons. On Sept. 30 this tonnage had been decreased to 4,428,000 tons. This has since been decreased by about 400,000 tons. Bookings are now at the rate of 18,000 tons per day. We are exporting at the rate of about 1,000,000 tons per year, and at prices substantially on a parity with domestic prices."

"From information received, it is believed the demand for our products has during the last few years, been constantly increasing, and that the present necessities are very great."

"Prices have been well maintained. The leading steel manufacturers are in frequent consultation, though under no agreement concerning their business interests. It seems to be a recognized fact that stability of prices is to be desired by both the producer and the consumer, and that extremely high prices and extremely low prices are both objectionable."

"Since the company was organized, in addition to payments of dividends and interest, there has been provided from earnings a reserve for extinguishment of capital of \$70,500,000, and there has been added to the assets from the same source \$202,180,000, which includes investments in additional fixed property of \$12,500,000; additional fixed property represented by securities created and held in treasury as saleable assets, \$48,400,000; other assets on hand, \$104,500,000."

"The total assets of the organization

Oct. 1, 1907, amounted to \$331,256,000; cash in banks being \$10,273,000. The current liabilities, including accrued taxes, accrued interest and dividend for last year, he said, were \$25,187,000.

Mr. Gary added: "When the company was organized, subsidiary companies had outstanding unsecured notes and bills of \$42,000,000. All of these except \$1,000,000 have been paid. The latter amount represents deposits of employees under a savings account arrangement."

"Upon completion of the new work now under way, the productive capacity of the manufacturing plants will be materially increased. Up to Jan. 1, 1907, the average increase already amounted to 44.3 per cent."

"There has been received and set aside to date funds for the Gary plant in Indiana amounting to sums of \$48,000,000, of which \$18,330,000 has already been expended, leaving on hand for that purpose a balance of \$30,460,000."

## Choose Your New Heater With Great Care

And when examining different makes of stoves do not fail to examine and carefully compare them with THE UNIVERSAL.

It takes but little time and we're here to show them to you, explain their construction, their fuel-saving principles—and once seen and compared, you'll readily agree with us when we say we have the only perfectly constructed Base Burner on the market.

The Imperial Universal Base Burner has over 500 more square inches of radiating surface than any other Base Burner and will consequently give you more heat and use less fuel than any other make of stove.

Let us place one in your home on trial; if it isn't all right don't keep it. We will place any Universal in your home on easy payments.

## The Public's Favorite Shopping Place

The public's favorite shopping place is the Bayha store. Great numbers of people visit it because it is one of the principal places of interest in the city. Great numbers buy at the store daily because the merchandise is always seasonable, always reliable, and because the prices are never other than reasonable. The service is prompt and trustworthy. Every needed fall and winter homefurnishing requisite is to be found here.

Those who visit the Bayha store this week will find fresh and pleasant evidence of the store's wonderful popularity.

## The Bayha Partial Payment Plan

A little plan of Bayha's that makes buying here easy and satisfactory. If you haven't the necessary cash to pay for the whole amount of your purchase at once—we will gladly arrange easy and satisfactory terms of payment for you. A small sum at time of purchase—the balance in small weekly or monthly sums arranged to suit your convenience. We will furnish your entire home or any part of it in this easy satisfactory way. The accommodation costs you nothing.

## Something About Wilton Rugs

Of course we all know that there are Rugs and Rugs—different grades and ALL selling as Wiltons. As much care is required in selecting a Wilton Rug as in selecting a WOOL Carpet. For there are many Wilton Rugs containing cotton the same as Ingrain Carpets contain cotton. Those containing cotton have not the wearing and color retaining qualities possessed by ALL WOOL WILTONS.

Rugs of the cotton and wool mixture are not permitted to enter the Bayha stock and a Wilton can be selected here with the assurance that it contains no cotton, but is strictly AN ALL WOOL RUG. We guarantee them. A couple of mighty inviting specials for the week's buying.

## SURPRISED RECRUITERS.

### Young Jap Appears at Office Looking for Information.

The officers at the army recruiting station were much surprised yesterday at the appearance of a well dressed young Japanese. The Jap was merely looking for information, however, and did not want to enlist in the service.

He asked the officers what objection there would be to his joining the service if he desired to, do so and was physically fit. He was told that the color line would be drawn, and unless

enough Japs should apply for enlistment to form a regiment, he could not join. Some Japs are employed in the commissary department of the navy, but not in the army or marines.

The Jap seemed satisfied with the explanation and politely bowed himself out.

## CASHIER STEALS

### And Starts Rival Cafe With His Employer's Money.

New York, Oct. 30.—Picore Rivesalles, who, for more than five years, has been a trusted cashier at the Cafe Martin, was held to the grand jury on the charge of embezzlement. The story of Rivesalles' alleged pecu-

liations, as told by J. B. Martin, has many peculiar features, the most remarkable of which is the opening of a rival establishment on the money Mr. Martin says he admitted having taken. "We always looked upon Rivesalles as an honest man and never had the slightest trouble with his accounts until this recent bank scare came on," said Mr. Martin. "You can imagine our surprise when the investigation developed the fact that Rivesalles had opened a miniature Cafe Martin in West Thirty-fourth street and was doing a thriving business. He had fitted the place out in every respect like our place and had made it resemble it in every possible way, even to the en-

## CONCERNING WOMAN.

Money is tight! The way people prance around at that statement, one would think that every woman who had ever tried to pry some of it loose from "father" did not always know that money was not only tight, but that it was, in many cases, fastened permanently.

People may talk until time runs into eternity, but woman never can and never will understand the financial situation.

But neither does man. "Would you mind," inquired a sweetly doleful feminine person of the special lord of creation upon whom she has a temporary mortgage, "just explaining to me, in a few words, what is ailing the public?"

"Certainly, my dear," said the man. "You see it's this way. There isn't money enough in the country to go without half the fuss," said the feminine person.

"If you would be quiet, I might make it more clear," said the explainer of things. "As I said, there isn't money enough in the country to do business with. Ninety per cent of all the business done is done by credit."

"But the money is back of it, isn't it?" "So what difference does it make?" "Listen, if you please. If I write a check to the grocer, he doesn't go and get the money. He deposits the check to his account, and the money is there, of course, only it isn't there because it is loaned out."

"Light is breaking," interjected the irrepressible one. "The money is there, only it isn't there. I catch the idea. Awfully simple isn't it when you once get the hang of things. The money is there, only it isn't there. Please excuse me, I want to laugh."

"Well, laugh good and long, it's an awful joke, isn't it? Maybe when you find out that the money isn't there—"

"But you said it was." "Well, I said it wasn't, too, didn't I? There's been too much business done with the amount of money at the command of the public."

"How could there be? Things had to be paid for, didn't they?" "The credit system, as I have been trying to explain for the last hour and a half."

"Well, there's just the same amount of money, isn't there?" "Yes, but it's in the hands of a few."

"It always has been. That's nothing new. You remember when I wanted ten more dollars for my new hat, money was tight and in the hands of one principally. I shouldn't think that would sputter people so."

"They're hanging on to it," said he. "So did you," said she.

"This argument is getting to a very low plane," said he, resuming his paper.

"But really I don't understand," said she timidly.

"For never will," said he harshly. "If you would try just once more," said she gently. "I would try to understand and not interrupt."

"Well, I won't," said he. "Ah, do," urged she.

Silence behind the paper—temporarily. "Well, it's like this," he resumed. "There is no better way going to amuse a man than to let him explain the financial situation to you. There has been a tremendous amount of business done. Too much in fact. The resources and money and exportation and importation and consumption and production—"

"Help! Help!" she shrieked from the other side of the living room table. "I never can understand if you don't use more simple words."

"And then there was a slump in stocks."

"Ah, yes," she agreed sadly. "I wish you would not interrupt. A man can never explain anything to you," he said in an irritated tone.

"Some men can," she said. "Well, get them to," said he. "Oh! Mercy," said she. "Please go on. Honestly I'll not interrupt once again. I don't care how many big words you use as long as it's in a string."

"There's no use," he said in a resigned way. "You never can understand."

"But I would try," she promised. Silence behind the paper. Prolonged silence.

"Any way, I have part of it quite clear," she said at length. "The money is there only it's not there. I got that at least. Nothing can ever take that away from me."

A giggle. Silence behind the paper. Another giggle. More silence. And then some.

### CONCERT SOPRANO To Be Heard in Varied Program at Flaaten's Hall.

Mlle. Sigrid Westerlund, concert soprano, who has been a resident of America for one year, will appear in concert this evening at Flaaten's hall and a large number of the local music lovers are interested in the program selected from the best song literature of the Swedish, Finnish, Scandinavian, German and English composers. Mlle. Westerlund has sung with success in the capitals of Europe and the press of the Northwest has spoken most enthusiastically

MLLE. SIGRID WESTERLUND.

of her in her appearances during the last year. The Minneapolis Tribune said of her at a recent concert: "Mlle. Westerlund has a sympathetic mezzo-soprano voice, splendid technique, and her interpretations are artistic to a degree. There is an earnestness and passionate longing and choice. The Grieg song, 'At the bier of a young wife,' which is one of the most beautiful that Grieg has contributed to musical literature, was given an almost perfect rendering by Mlle. Westerlund. The song is full of tenderness and passionate longing and it proved an admirable medium for the expression of the singer's dramatic fire and fervor."

### YOUNG LADIES' CLUB Of Methodist Church Reorganized for Study.

The Young Ladies' club of the First Methodist church has been reorganized for the year, and at the recent meeting held the following officers were elected: President, Miss Knowles; first vice president, Miss Anichutz; second vice president, Miss Merritt; recording secretary, Miss Brice; recording secretary, Miss Boerner. The missionary study for the year will be

### What Retail Markets Offer.

Pumpkins, 10 to 20 cents each. Sweet cider, 40 cents a gallon. Hubbard squash, 15 cents each. Pickle pears, \$1.25 a peck. Live lobsters, 40 cents a pound. Dead boiled ones, 40 cents a pound. Crabs, 3 cents each. Cottage cheese, 10 cents a pound. It's funny that way. Dead lobsters are worth just as much as live ones, and often are not nearly so troublesome.

Pumpkins and cider and apples and popcorn occupy leading places in the market orders for today and tomorrow, although the orders for these two days are never very long. By a process of reasoning peculiar to woman, she refrains from sending in a large order or even a medium sized one on the last four or five and especially two or three last days of the month. Although the family may live on left-overs, principally, she thinks she is cheating the market man.

Halloween is tomorrow and the pumpkins are ready.

## TROUBLE IN THE AIR

Threatening Clouds Hang Over Meeting of Minor Leagues.

Pulliam Takes No Stock in New Major League Story.

New York, Oct. 30.—Rumors of the formation of a third major league; of trouble to be made by the American association and the Eastern league; the two strongest of the minor leagues unless they are given better protection and the right to draft freely from the clubs lower down in the classification; rumors of protests from the California league against the rule which declares outlaws all players who join the clubs of that league for the winter season, and rumors of a dozen other sensational matters marked the opening of the annual meeting of the National Association of Professional Baseball Leagues in this city yesterday.

At the meeting President Powers announced that the association was in excellent shape and that the season had been a successful one. He referred to rumors of the formation of a third major league, but stated that the national officers had no intimation of such a plan and he did not believe there was anything in it.

Harry Pulliam, president of the National league, who was present by invitation, made a brief speech, in which he went over the present baseball situation. He said he did not approve of the players in the major leagues playing in California after the close of the regular eastern season, and stated that the National league clubs had been notified that their players must not be allowed to do so. Players on National league teams who were now playing with the California league had been notified to sever their connection with that league immediately on pain of their being declared outlaws. He said he was opposed to the farming of players and the drafting by major league clubs of so many men from minor league clubs.

Referring to the rumor of the formation of a new major league, he said that if the flag of disloyalty to the National association were raised the local leagues would be found solidly arrayed against it, and any such effort would be fought to a finish.

## BOWLERS WIN AT SUPERIOR

Duluth Men Take Three Straight Games With Ease.

A team of Duluth bowlers went to Superior last night for the initial series of three games in the six games scheduled to decide the match started last week for a side bet of \$25. The Duluth bowlers made a clean sweep. They showed greatly improved form over their play of a week ago, winning all three games with comparative ease. The first game was rather close, but a pins margin being held by the Duluth team at the finish, but the other two were runaway matches, Duluth showing stronger and Superior weaker all the way.

Buckman of the Superior team made the high score of the evening with 202 in the third game, but Stiegler was right after him for the honors, with a high score of 199 and the high average with 179.13. Olson of the Duluth team rolled three fairly good games with a high average of 172.13.

Thursday night the three final games will be rolled. To the things up again, it will be necessary for the Superior bowlers to make all three games and there is little likelihood of their doing that, with the Duluth men bowling on their own alleys. With the approach of cold weather, the bowlers are beginning to take more interest, and in a short time the season will be in full swing.

The score of last night's game follows:

DULUTH	1	2	3	4	5	6	7	8	9	10	Total
John Olson	172	139	517								
McKee	174	139	171	474							
Berlin	173	135	153	461							
Bergeson	153	139	151	443							
Stiegler	152	139	185	526							
Totals	821	855	852	2,488							

**SUPERIOR**

	1	2	3	4	5	6	7	8	9	10	Total
Anderson	189	156	507

## DECISION TO BALDWIN.

Sullivan Has Matty in Bad Way, But Loses.

Baltimore, Oct. 30.—Referee Tim Hurst tonight at the Eureka Athletic club gave the decision to Matty Baldwin of Boston over "Kid" Sullivan of Washington, at the end of a fifteen-round bout, during the course of which Sullivan more than once had Baldwin in a bad shape, but lost.

## SETS THE PACE FOR CHAMPION

But J. Hussey is Not Able to Keep on His Feet.

What promised to be a pretty race between J. Hussey of Superior and Joe Munch, champion of the Northwest, was spoiled last night by Hussey's inability to keep his feet. The race was pulled off at the Temple roller rink, where Munch is holding out this week in exhibitions.

Hussey is new at the racing game, but in his Munch sees a corner. When they first started, he kept behind the champion and retained the pace. On the seventh round, the boy looked lead, but prospect was too much for him and he tripped, going down hard.

Munch stopped and they started again for an eight lap race. Hussey was leading again on the second round, but he went down and was compelled to quit. Munch finished the distance in good time.

Tonight, Munch and Wiggins will race again. Munch was defeated Monday evening by Wiggins, who put up a great race against him. They promise a good exhibition.

Francis Le Beau, the West end speedster, is down with blood poisoning in his foot and will probably be unable to skate for about two weeks. Then he expects to make a trip through the range towns, meeting all the skaters going to Minneapolis for a race with Munch.

## WEEKS EASY FOR ATTELL

Cripple Creek Boy Goes Out in Four Rounds.

King of Featherweights is Never in Least Danger.

Los Angeles, Oct. 30.—Abd Attell, the featherweight champion won another victory last night, when he knocked out Freddie Weeks of Cripple Creek in the fourth round of what was to have been a twenty round bout.

Weeks was no match whatever for Attell, and the champion had him at his mercy all the way through. In the first round before the fight had progressed as much as a minute, Attell sent a swift right cross to Week's jaw, and the Cripple Creek boy staggered back dazed and tottering. It was evident to every spectator that Attell could have knocked him out then without effort, but he refrained from doing so. He punched his staggering opponent with light jabs with both hands and Weeks hung tightly. The referee separated them several times, Weeks clinging to Attell closely. When the round had ended the Cripple Creek boy was groggy.

The succeeding two rounds were tame and uninteresting. In the fourth round Attell suddenly walked in and sent a stiff right punch straight from the shoulder to the point of the jaw. Weeks staggered and fell to the mat. He rose to his feet slowly as the referee counted and Attell knocked him down again with another vicious rap. Weeks rose slowly and Attell knocked him down twice more. As Weeks lay on the mat, vainly endeavoring to rise again, his hands threw the sponge into the ring.

## TWO MEN DISQUALIFIED.

Minneapolis Central's Chances for Championship Injured.

Duluth people, who admired the beautiful play of Nichols, left half of the Minneapolis Central high school team in its school here, will be interested in the story from Minneapolis that he has been disqualified through a protest on the part of the Duluth Central. Nichols was thrown out of the championship race by a defeat by North side. Nichols and his team have both been in school four years, though playing football only two, and according to a rule the Minneapolis schools, they are not qualified to play longer. A protest was also made against Capt. Tobin of the Central, but he squeezed through on account of being out of school one year.

The Central had a good chance to win the Twin City championship and the disqualification of their star may prevent them from gaining the honor. The Central won many friends in Duluth by their sportsmanlike actions in their game with Duluth and a good many people here would like to see them get the Twin City honors.

## OFFICERS ELECTED.

Onwentsia Woman Leads Western Golf Association.

Chicago, Oct. 30.—At the annual meeting of the Women's Western Golf association yesterday, the following officers were elected for the ensuing year:

President, Mrs. Wallace L. De Wolf, Onwentsia.  
Vice President, Mrs. W. T. Beatty, Homewood.  
Secretary, Mrs. Elizabeth Townner, Evanston.  
Treasurer, Mrs. Margaret Hatley, Lake Geneva.

The executive committee includes: Mrs. Melville Black, Denver; Miss Kathleen Brown, Atlanta, Ga.; Mrs. G. B. Douglas, Cedar Rapids, Iowa; Miss Grace Temple, St. Louis, Mo.; Mrs. E. H. Sprague, Omaha, Neb.

The awarding of the tournaments for next year and the naming of dates for the same was left to the executive committee.

## NEW KINDS OF WHEAT

Mark Carleton is Making Them for the Government.

Cerealist of Department of Agriculture Talks of His Work.

To make two bushels of wheat grow where one grew before; to classify and experiment with the many kinds of grain now known to agriculturists; to grow new types of grain; to find what grains are best adapted to different localities—this is the interesting work in which Mark A. Carleton, cerealist of the United States department of agriculture is engaged.

Mr. Carleton was in the city yesterday for a few hours, leaving last evening for Minneapolis.

He is the head of the experimental grain farms, and the experimental grain laboratory work in grain being conducted by the government.

"There are 1,200 or more types of wheat," said Mr. Carleton in speaking of his work last evening, "and in addition to these we have developed about 600 wheat hybrids, or new types which are not yet established. It takes about seven years for a type to become established so it will not change, and we have about 100 of them now in their sixth year. After another year we can begin to put them out, and distribute the seed in the localities we think best adapted to them."

"Experiments with winter wheat, oats, and barley are also being carried on at our twelve experimental farms scattered all over the country. During the last few years Nebraska has practically changed from a spring wheat state to a winter wheat state. I expect to see South Dakota do the same within the next few years. The winter wheat is subject to fewer vicissitudes than the spring wheat. It is more likely to escape frosts and rust, and it is sturdier, stronger plant in the spring when the rains come. On the whole winter wheat does much better, where it is grown, and we are proving that it can be grown in many sections that were considered out of the question a few years ago."

"We are also experimenting with winter barley and winter oats, and with very fair success. Most farmers never heard of winter barley and winter oats, but they can be raised with as much success as winter wheat. We are having some trouble with the oats, but the winter barley is proving a big success in places where it has been tried."

Mr. Carleton spent the afternoon and evening talking to local grain dealers. He was especially interested in durum wheat, as Duluth is looked upon as one of the great markets for this grain.

# WOMEN IN HOSPITALS

Experiences of Mrs. Rockwood and Miss Tierney

MISS MARGARET TIERNEY

MRS. CHAS. A. ROCKWOOD

A large proportion of the operations performed in our hospitals are upon women and girls for some organic trouble.  
Why should this be the case?  
Because they have neglected themselves, as every one of these patients in the hospital beds had plenty of warning in those dragging sensations, pains at left or right of abdomen, backaches, nervous exhaustion, inflammation, ulceration, displacements, and other organic weaknesses.  
All of these symptoms are indications of an unhealthy condition of the female system and if not headed the penalty has to be paid by a dangerous operation. When these symptoms manifest themselves, do not drag along until you are obliged to go to the hospital and submit to an operation—but remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has saved hundreds of women from surgical operations.  
Lydia E. Pinkham's Vegetable Compound, has cured more cases of feminine ills than any other one remedy. Such letters as the following

# RECRUITS

ARE COSTLY

Government Pays \$500

Each Before They Get

in Service.

Recruiting Alone Cost

\$61 Per Man In

Minnesota.

It costs Uncle Sam an immense amount of money to keep a sufficient number of men in the different branches of the military and naval service. Hundreds of dollars are expended by the government for every recruit who enters the service and a lot more is spent on applicants who are finally rejected on account of defects.

Sergeant Hutchins, in charge of the local marine recruiting station has received a statement of the recruiting done in his branch of the service all over the country for last month and some interesting figures are given in it.

Of the total number of recruits secured in Minnesota during September, which is thirty-nine, it is shown that each one cost the government \$63.21 approximately. The district reporting the highest cost per recruit is Texas, where each new man added to the service during September cost \$80.10. There were only sixteen enlistments in that district, however. In the Buffalo district the number of recruits was thirty-seven and the cost per man was approximately \$54.23.

The average cost for each recruit secured throughout the country is between \$40 and \$50. Averaged in this cost for each recruit, is the cost of maintaining offices and the pay of the men on this duty. When it is considered that recruiting stations are located all over the country in nearly every city of any size it is seen that the government spends an enormous sum of money for the fun of having an army and men to run the ships of the navy.

Officials of the government have figured that when a man is enlisted, outfit and drilled for regular service in any branch he has cost the government about \$500. Special men have to be detailed for recruiting duty in the first place. Once the recruit is secured several officers must spend their time drilling him for several weeks or a couple of months. The recruit must have necessary clothing make quite an item in the expense account, and the transportation from recruiting stations to training stations is another big item.

"Altogether the government easily spends \$500 for every recruit secured," said one of the local recruiters today. "And then sometimes the man is found to be worthless and is discharged after being in the service for three or four months."

# ONE JUROR SHORT

IN THE ADAMS TRIAL.

Bathurst, Idaho, Oct. 30.—In the trial of Steve Adams, a member of the Western Federation of Miners, charged with the murder of John Taylor, a settler, little progress was made yesterday in securing a jury. When court adjourned Friday there were eleven jurors on the bench. Since then the talesmen have been subpoenaed, and from this not one was selected to fill the panel. The case against Adams is a sensational one. He is charged with the murder of John Taylor, a settler, who was killed by Adams and his associates. The case is being tried in the federal court at Bathurst, Idaho.

# Food Poisons

90 Per Cent of All Diseases the Result of Undigested Putrefying Foods.

Men of affairs, women of society and children with active brains are too often sedentary in their habits, giving little exercise to their systems. They are added that of high and irregular living—as a result, the stomach cannot properly do its work. The food taken in is not properly digested, and the poisons from the undigested food enter the blood stream. The body becomes weak and the system is poisoned. The result is a general debility and a predisposition to all kinds of diseases.

Did it ever occur to you how busy that stomach of yours is? It only holds about a quart of food at one time, and it takes in 2,400 pounds of material, digests it and prepares it for assimilation. All over the inner layer of the stomach are glands which secrete the juices necessary to digestion. The entrance of food into the stomach is the signal for these glands to do their work. The more the food, and the more indigestible, the greater the demand upon them and upon the muscles of the wall adjoining.

Think of the tons of high-seasoned game, sweetmeats and appetizers crammed into this little four-ounce mill, and then wonder, if you will, why you are dizzy or nauseated or constipated. Don't blame your stomach or curse your fate that you should be born so unfortunate. Blame yourself and apply the remedy.

First, get a small package of Stuart's Dyspepsia Tablets, taking one after each meal and at bedtime. They are a medicine, but a digestive. Your stomach is worn out and needs help, not medicine. Stuart's Dyspepsia Tablets will do the work that the stomach fails to do. There's enough power in one grain of Stuart's Dyspepsia Tablets to digest a full grain of ordinary food, so you needn't fear that anything you eat will remain in your stomach undigested. Stuart's Dyspepsia Tablets will root the poison because they remove the cause—food fermentation. They are a cure for dyspepsia. The host of troubles dyspepsia is father of cannot be numbered, for a healthy stomach is the source of all health. Seize your opportunity before worse conditions confront you. Send today for a free trial package of Stuart's Dyspepsia Tablets. They will bring your stomach relief. P. A. Stuart Co., 110 St. Paul, Minn. The 50-cent size for sale at your druggist.

# FISHER TO BE ORATOR

Famous Elk to Speak at Memorial Day Exercises Here.

"Departed Brothers" to be Remembered at Lyceum Dec. 1.

The Duluth lodge of Elks is making great preparations for the annual observance of Elks' Memorial day in the Lyceum theater the afternoon of Sunday, Dec. 1. Beginning promptly at 3 o'clock on that day, the beautiful memorial exercises of the order for "our departed brothers" will be held and every resident of Duluth will be invited to be present and assist in doing honor to those members of that good band who have passed beyond.

The speaker of the day will be Jerome B. Fisher of Jamestown, N. Y., past grand exalted ruler of the order and one of the best known Elks in the United States. He will make the trip direct from Jamestown to Duluth to attend the memorial exercises.

It is an attorney in his home town, is an orator of exceptional ability. He ranks high in Elks' circles and his services on lodge occasions are much in demand on account of his great ability and charming personality, and his participation in the memorial services here should serve to crowd the theater.

On the same day and at the same hour the lodge of the B. F. O. E. in the entire world will meet to call up remembrances of their departed members. Each year the ceremonies are carried out with faithful adherence to lodge duty, and no lodge fails if there are enough members available to go together.

# TWO WIVES ASK FOR DIVORCES

Desertion, Non-Support and Cruelty Are Charged Against Husbands.

Claiming that her husband induced her to pack up her household goods and move to Duluth, with the express purpose of deserting her, Alice Hanlon started suit in the district court for a divorce from John Hanlon, who is said to be a resident of Marshall, Iowa.

In her complaint filed yesterday afternoon, Mrs. Hanlon says she is 40 and her husband is 63 years of age, that they were married in Superior, Nov. 16, 1905, and that the alleged desertion occurred Jan. 9, 1907, at which time she claims to have been sent to Duluth.

Mrs. Hanlon claims that her husband promised to follow her to Duluth as soon as he finished up his business matters in Marshall, Iowa, and that he has frequently promised to come at intervals since, but never kept his word. She claims that she has been reduced to destitute circumstances, because of the desertion of her husband, and that she is unable to support herself and her children.

Mrs. Hanlon claims that her husband has been drinking heavily since he came to Duluth, and that he has been cruel and abusive to her and their children. She claims that she has been unable to support herself and her children, and that she is unable to work because of her husband's cruelty.

Mrs. Hanlon claims that her husband has been deserting her, and that he has been non-supportive and cruel to her. She claims that she has been unable to support herself and her children, and that she is unable to work because of her husband's cruelty.

## DAUGHTER APPOINTED

Mrs. Anna Amundson Will be Guardian of John L. Lenroot.

Estate Comprising Ironton Addition, Homesteaded 40 Years Ago.

After a hearing that occupied the entire morning session of the probate court, Judge Middlecott, this noon, made an order appointing Mrs. Anna Amundson of this city guardian of the person and property of her father, John L. Lenroot, aged 80 years, an old resident of Duluth in the Ironton district.

Mr. Lenroot homesteaded his land, which now comprises all of Ironton addition, about thirty-one acres in all. The property lies about a mile east of the city, and was acquired by the Steel corporation. For about four years Mr. Lenroot is said to have been falling in mental powers, and his business transactions have been looked after by ex-attorney Edward Swenson of Ironton. It is claimed that the landing makes of owner of the property has reached a point where

a guardian is necessary, and the probate court held a hearing in one of the district court rooms for the purpose, there being something of a contest on between the relatives. The daughters, Mrs. Amundson and Mrs. Betty Erickson, wanted the former appointed guardian, while some nephews requested the appointment of Mr. Swenson.

The facts brought out at the hearing showed that Mrs. Amundson has had the care of her father for some time past and is fully competent to continue to do so. The only reason that the nephews advanced for the appointment of another was that a person who had been in the habit of transacting business would be more competent to take charge of affairs. As there can be no sale of the property or investment of the proceeds of a sale without an order from the court, and as the guardian will be under sufficient bond, Judge Middlecott held that, under the circumstances, the daughter is the proper person to have charge of her father's person and estate. There is little personal property in the estate, but the real estate is understood to be of considerable value.

### MUST PAY ARCHITECT.

E. S. Radcliffe Wins Suit Against Marie La Flohic.

Judge Dillhoff has reached a decision in the civil action of Edwin S. Radcliffe against Marie La Flohic of this city, whereby judgment is rendered in favor of the plaintiff against the defendant in the sum of \$125.30 with interest and costs and disbursements of the action.

The suit is one arising over a contract Mr. Radcliffe, the architect, entered into to furnish plans and specifications for a three-story brick building in Industrial division of Duluth, costing \$3,950, and on which he was to receive a 5 per cent commission. His fee came to \$197.50, but the defendant paid only \$72.20 on the account. The court directs the judgment to be lien on the property and the sheriff is directed to sell it to satisfy the judgment.

## CHASED BY ANGRY BEAR

Thos. McKenny Wounded Animal and Had to Hunt Shelter.

Killed Brute With Shot From Window of Shanty.

An encounter with a big 600-pound black bear was the experience of Thomas McKenny yesterday. Mr. McKenny represents lumber interests at Basset and was in Duluth today. He was telling friends of the fight with the bear, which was killed after a struggle replete with thrilling features.

Near the lumber camp the men had made a pitfall for a bear, which for the past month has been nightly prowling around the camp. Bruln seemed possessed of a very acute sense of impending danger as the pitfall remained empty until yesterday morning, when one of the laborers discovered the imprisoned animal.

Mr. McKenny rushed to the pit with a rifle to kill the arch enemy of the camp. The first shot did not hit a vital spot, but so enraged the bear that he scrambled from the depths of the pit and started in hot pursuit of McKenny. The shanty was the nearest shelter at hand and with the bear gaining at every step McKenny burst into the bunkhouse and barely slammed the door in the enraged bear's face.

Then began a fusillade of shots at the snarling animal. The mark was uncertain, as the shots were taken from a window, where the angle was acute. The bear was before the door on his hind legs, pawing and biting at the woodwork. Bleeding from a wound over the right ear and cutting enraged growls, the sight of the animal, as afforded through the cautiously opened shutter, filled some of the laborers with terror and there was a general scramble to dive into the bunk and hide.

McKenny stuck to the window, however, and finally his marksmanship improved to the extent that he was able to put a bullet in a vital spot. Not until the men were repeatedly told that the bear was dead would some of the thoroughly frightened laborers emerge from their hiding places.

Last night members of the camp feasted heartily on bear steaks of the departed intruder.

Trials Noticed for Coming Term of District Court.

Nick Ragioch has sued the Shenango Furnace company for \$3,000 damages for injuries claimed to have been received by a fall in the shaft of the Shenango mine, April 19, 1907. He alleges that his feet slipped on ice allowed to form on the shaft.

Mike Haidukovich has sued the same company for the same amount for injuries claimed to have been received by a fall in the mine Dec. 21, 1906. Katherine Ferguson has sued the Duluth Telephone company for \$500 damages for injuries claimed to have been received from stepping in a hole caused by the earth settling down in a place where a telephone pole had been removed.

Other personal injury cases on file, without the complaints, are as follows: Barney Bernard against the Pittsburgh Coal company. William Lucknow against the Duluth, Missabe & Northern Railway company. Wladyslaw Dakowski against the Duluth, Missabe & Northern Railway company. H. B. Spencer against the Duluth Street Railway company.

Small Boys Are Buying for Halloween Amusements.

Pumpkins held the center of the stage today, the sale of them, according to commission men, never having been brisker, and there will be jack-o'-lanterns in plenty tonight, judging from the signs of the times.

Many a youthful mischief lover is busy this afternoon in the back shop or garret constructing a hideous looking "Jack," with which to make life miserable for timid ones. Commission men laid in a good stock in anticipation of the demand, but they about sold out today.

## THOSE WHO HAVE PASSED BEYOND

Sewanee, Tenn., Oct. 30.—Robert M. DuBois, president of the University of the South, died last night.

Trenton, N. J., Oct. 30.—John Brouch, 83 years of age, is dead at his home in this city after an eventful career as an iron moulder. He made a fortune for his employers by investing a composite of his own and others' in the civil war. For this invention the company employing him received a price of \$300,000. He also invented many devices used in the pudding trade.

## RAILROADS NEW WORK ABANDONED

Railroad Men Predict Lull in Present Activity.

Car Shortage Not Expected to Cause Worry This Winter.

With the news of the abandonment of the construction on the Soo for the approaching winter and the discharge of a large number of men by the Northwestern at Omaha, local railroad men are predicting a general curtailment in railroad construction and general railroad business, should present conditions continue six weeks.

"We will be hustling for business, instead of worrying about the car shortage," said one prominent railroad man this morning. His opinion on the subject was voiced by other railroad men of the different lines, who were unanimous in the opinion that shipping will be greatly reduced by a continuance of present financial conditions.

One railroad man from St. Paul, who was in the city this morning, says that many of the Twin City jobbers are calling in men. The country merchants are

not buying in heavy quantities, and the roads are receiving less freight of this class from the Twin Cities. A scarcity of money will be felt by the roads among the first of the big interests, and a shrinkage of receipts was freely predicted this morning by freight men who have watched the situation with an eye to the future.

The Chicago, Milwaukee & St. Paul has evidently decided to continue unabated its work on the Duluth. An order was received this morning by the National Employment agency for 300 men for construction work on the coast extension of the road.

A report that could not be verified was to the effect that the Leisure Lumber company of Upper Michigan has closed down, discharging about 200 men. This report was received at the office of a local employment agency.

### TO CURTAIL EXPENSES.

Railroad Men Will Cut Down Operating Charges.

New York, Oct. 30.—Men who are prominently identified with the immediate and practical operation of the large railroad systems of the country gathered in this city yesterday and took counsel with each other as to how best to curtail expenses on their respective roads. The general opinion expressed by these men was that there will be a material reduction in the outlay for the operation of the railroads and in the purchase of railway supplies throughout the country.

The principal gathering place of the railroad managers was the Holland house. There during the day the executive committee of the American Railroad association met and conferred with representatives of the steel rail commission. This executive committee is composed of the following members: W. Brown, vice president of the New York Central; Daniel Willard, vice president of the Chicago, Burlington & Quincy; W. A. Gardner, vice president of the Long Island railroad; Vice President of the St. Louis & San Francisco railroad; G. L. Potter, vice president of the Baltimore & Ohio; C. V. Brown, vice president of the Illinois Central; and L. F. Loree, president of the Delaware & Hudson.

This committee will today report progress at the semi-annual convention of the American Railroad association, which will be held today at the Waldorf-Astoria. The stenographic report of the investigation of the subject of the most economical rail to be adopted was presented today, but it was stated yesterday that no definite action on the matter will be taken by the committee, after the adjournment of the convention, will go on with its work, which is yet far from complete.

### THE CAR SITUATION.

Cars Are Bunched at the Pacific Coast Points.

A freight representative of the Lehigh Valley road, who was in Duluth this morning, says that both the Great Northern and Northern Pacific have a large number of cars in the country contiguous to the Pacific coast. He says the cars were sent out to the coast to haul the lumber of the coast country East before the increased rates on lumber become effective.

A new rate was recently made to become effective shortly, and the lumbermen are demanding cars to haul lumber East before the application of the increased tariff.

The heavy wheat traffic from the two Dakotas has exhausted most of the cars in this section of the country. Shippers along the lines of the two roads are complaining about the car scarcity, says the Lehigh Valley man. Where they were getting a fairly large number of cars before the fall movement, towns along the line of Great Northern and the Northern Pacific are not securing half that amount at the present time. The demand for cars extends from the coast to the middle western divisions of both roads.

### Steiner Case Begun.

Upon the completion of the Shuman contest case yesterday afternoon the contest of John J. Steiner against the state of Minnesota was begun before Register Eagle at the land office.

The case is practically the same as all the other contest cases, which have been on trial during the past ten days. Steiner claims he settled on his homestead in the Bear Bay district prior to the survey, while the state claims that this settlement was not made and that Steiner is not acting in good faith. All four forties are claimed by the state as swamp lands.

The land involved is situated in sections 13 and 24, township 57, range 9, and is said to contain considerable

## Indications of Prosperity

Wall Street is becoming more and more divorced from the people every day. A panic in the East isn't a panic in the West.

Growing things have prospered immeasurably. Every farmer is out of debt. Mortgages have been lifted from implements, lands and stock. The tiller of the soil or wage-earner has money in the bank. He is buying autos, pianos, graphophones, good furniture, good clothing and luxuries. Corporations are being regulated. Light, heat and power concerns are reasonable with their charges. Our Banks are in excellent condition. Railroads are squeezing the water out of their stock and cutting down the rates of transportation. All these counteract the increased cost of living. The people can have more of the good things of life than formerly. Husbands are more generous—wives more hopeful—children brighter and healthier—happiness is booming. The prices of milk and other foods have gone up. That's because they are purer—they are worth the money—no one kicks on that. Who wouldn't pay more for purity than for substitutes?

Who wouldn't pay more for good clothes, well made clothes, than poor clothes?

All over the country things look brighter, cleaner, healthier, happier and honester.

All this means that you can wear better clothes than formerly—less of the trash with which the world is filled. It means that you can wear the kind of clothes that we handle—the best, the smartest and most refined and still reasonable.

This applies to every department in our store—begins on the first floor with—

### The Best Mitt Made.

What is admitted to be the best horseshoe mitt on the market is made right at home in Duluth. It is manufactured by Wesley Medd, 328 Lake avenue south, and is called Medd's Home-made Horseshoe Mitt. Mr. Medd began the manufacture of this mitt three years ago, and the demand for them has grown to such an extent that he is compelled to work his force night and day to keep up with orders that are pouring in from the clothing stores of Duluth and nearby towns. The mitt is non-slippery and sells for one dollar at all the leading clothing stores.

## WHEAT HAS AN ADVANCE

Trading in Local Pit Has Not Been Resumed.

Prices Are Better in the Other American Markets.

Duluth Board of Trade, Oct. 30.—Saw for one or two little cash trades in oats and barley, there was nothing doing on the floor of the local exchange, although the traders declared that the outlook was brighter and that a resumption of normal conditions in the local market seemed nearer at hand than yesterday.

"The outlook seems more favorable to-day," said J. H. Barnes, president of the board. "There are now several little trades through which exchange with the East can be managed, but things have not straightened themselves out enough yet to permit a resumption of business on a normal basis. The bankers appreciate the importance of improving the situation and re-opening this market and are doing all they can. I think the end of present conditions is not far off."

"A little money came to us from the East today and we distributed it around where it would do the most good," said another member of the board. "It will be several days still, however, before the banks can begin doing business as before."

Wheat advanced in the American markets today. There was a good export demand during part of the day and domestic buyers were in the market freely.

The December option closed 1/2 higher in Chicago, 1/4 higher in Minneapolis, 1/4 higher in New York and 1/4 higher in Winnipeg. The May option closed 1/4 higher in Chicago, 1/4 higher in Minneapolis, 1/4 higher in New York and 1/4 higher in Winnipeg.

The foreign markets were off at the close. Liverpool closed 1/4 lower, Berlin 1/4 lower and Antwerp unchanged.

December corn closed 1/4 higher in Chicago and was 1/4 to 1/2 lower in Liverpool. December oats closed 1/4 higher in Chicago.

Broomcorn advanced in the local market at the start, although values were lower. Support was feeble, still offerings were light with the market dull. Following the opening there developed a disposition to realize profits, and as a result prices declined rapidly, losing 1/4 to 1/2 by the close. The week's net was the result of lower American markets yesterday, rain reported in both India and Australia, small bulls unloading and the withdrawal of support by the prominent bull interest. The undertone at mid-day was weak.

Corn was 1/4 lower at the opening and showed a further decline of 1/4 during the trading, due entirely to the weakness in wheat.

The receipts at Duluth were 332 against 226 last year, and at Minneapolis 207 against 201 last year. Total for the Northwest of 539 against 527 last year. Chicago received 1,231 against 1,215 last year. Winnipeg received 221 against 307 last year.

Primary receipts of wheat were 77,000 bush, last year 84,000 bush. Shipments 67,000 bush, last year 68,000 bush. Aggregate 300,000 bush. Primary receipts of corn were 520,000 bush, last year 480,000 bush. Shipments 600,000 bush, last year 550,000 bush. Clearances of corn were 204,000 bush.

Cars inspected: Wheat, 332; barley, 63; flax, 189; oats, 23; rye, 21; barley, 63; receipts: Wheat, 338,077; oats, 25,447; barley, 59,339; rye, 2,100; flax, 18,944; shipments: Wheat, 241,600; barley, 18,447; rye, 75,000; flax, 621,933.

## WHEAT HAS AN ADVANCE

Trading in Local Pit Has Not Been Resumed.

Prices Are Better in the Other American Markets.

Duluth Board of Trade, Oct. 30.—Saw for one or two little cash trades in oats and barley, there was nothing doing on the floor of the local exchange, although the traders declared that the outlook was brighter and that a resumption of normal conditions in the local market seemed nearer at hand than yesterday.

"The outlook seems more favorable to-day," said J. H. Barnes, president of the board. "There are now several little trades through which exchange with the East can be managed, but things have not straightened themselves out enough yet to permit a resumption of business on a normal basis. The bankers appreciate the importance of improving the situation and re-opening this market and are doing all they can. I think the end of present conditions is not far off."

"A little money came to us from the East today and we distributed it around where it would do the most good," said another member of the board. "It will be several days still, however, before the banks can begin doing business as before."

Wheat advanced in the American markets today. There was a good export demand during part of the day and domestic buyers were in the market freely.

The December option closed 1/2 higher in Chicago, 1/4 higher in Minneapolis, 1/4 higher in New York and 1/4 higher in Winnipeg. The May option closed 1/4 higher in Chicago, 1/4 higher in Minneapolis, 1/4 higher in New York and 1/4 higher in Winnipeg.

The foreign markets were off at the close. Liverpool closed 1/4 lower, Berlin 1/4 lower and Antwerp unchanged.

December corn closed 1/4 higher in Chicago and was 1/4 to 1/2 lower in Liverpool. December oats closed 1/4 higher in Chicago.

Broomcorn advanced in the local market at the start, although values were lower. Support was feeble, still offerings were light with the market dull. Following the opening there developed a disposition to realize profits, and as a result prices declined rapidly, losing 1/4 to 1/2 by the close. The week's net was the result of lower American markets yesterday, rain reported in both India and Australia, small bulls unloading and the withdrawal of support by the prominent bull interest. The undertone at mid-day was weak.

Corn was 1/4 lower at the opening and showed a further decline of 1/4 during the trading, due entirely to the weakness in wheat.

The receipts at Duluth were 332 against 226 last year, and at Minneapolis 207 against 201 last year. Total for the Northwest of 539 against 527 last year. Chicago received 1,231 against 1,215 last year. Winnipeg received 221 against 307 last year.

Primary receipts of wheat were 77,000 bush, last year 84,000 bush. Shipments 67,000 bush, last year 68,000 bush. Aggregate 300,000 bush. Primary receipts of corn were 520,000 bush, last year 480,000 bush. Shipments 600,000 bush, last year 550,000 bush. Clearances of corn were 204,000 bush.

Cars inspected: Wheat, 332; barley

## PUBLIC CONFIDENCE IS PRACTICALLY RESTORED IN FINANCIAL CENTERS

But Little Attention Paid  
to Situation in New  
York.

Business is Readjusting  
Itself to a Normal  
Basis.

Plan to Increase Bank  
Circulation Meets With  
Approval.

New York, Oct. 31.—The restoration of public confidence is indicated by the diminished interest taken in the financial situation, which continues to readjust itself to a normal basis. The gold engagements were increased today to \$1,500,000, bringing the total up to \$23,750,000. The Bank of England's increase of the bank rate to 5½ per cent was fully expected, and was even better than expected, as the advance was to prevent last year when the Bank of England protected its gold stock against withdrawals from the United States. The stock market fluctuations did not differ materially from those of ordinary times. The market in general was very strong. Several of the banking institutions which have experienced recent difficulty held meetings during the day to readjust their affairs and resume business, and the few runs which have been going on dwindled to a practical close.

### SITUATION BRIGHT.

People Have Recovered From Their Hysteria, Says Chicago Bank President.

Chicago, Oct. 31.—Speaking of the plan of Comptroller Ridgely to increase the bank note circulation, President John J. Mitchell of the Illinois Trust & Savings bank of this city said: "There is no doubt that it will have a substantial effect, and will relieve the situation very materially. At the same time, however, the stress of the financial situation is today nothing in comparison with what it has been. The people have largely recovered from their slight hysteria, and the situation is brighter in every way. I have no idea how much the increase in circulation will be in this city, but it will be (Continued on page 5, fourth column.)

### PHILADELPHIA MINT

Prepared to Begin Immediate Coinage of \$15,000,000 in Double Eagles.

Philadelphia, Oct. 31.—Orders from Washington for the immediate coinage of \$15,000,000 in double eagles in order to help relieve the money stringency, finds the Philadelphia mint prepared for the task. It is expected that the employees of the mint will have to work overtime in order to get the gold coin out quickly. Fortunately, the silver coinage for the year is well out of the way, enough subsidiary silver coin having been already turned out in anticipation of the usual demand for it during the Christmas holidays. The coinage of \$15,000,000 gold will consume about three-fifths of the bullion now at the mint.

### EMBEZZLED \$38,000.

Cashier of Dollar Savings Bank at Akron, O., Short That Amount.

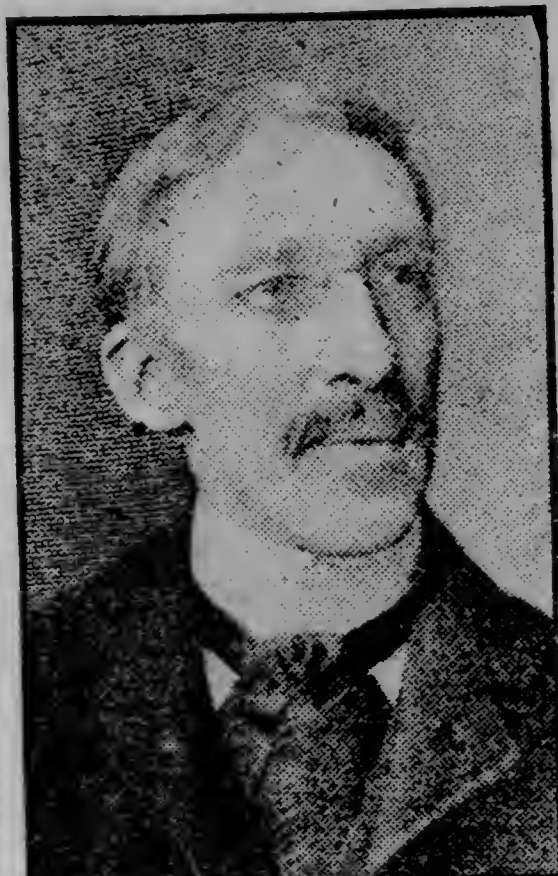

Akron, Ohio, Oct. 31.—Joseph Dangel, president of the Dollar Savings bank, was appointed receiver of that institution today in consequence of the suicide of Fred A. Boron, cashier and treasurer, Sunday. The examination by the directors and clearing house association found a shortage of \$38,000 against which stands the cashier's bond of \$20,000, which is supposed to be good, and voiding the bond. It is believed the depositors will receive dollar for dollar. According to the petition filed in the case of Fred A. Boron, the cashier "embezzled" \$38,000.

### WESTON AHEAD OF HIS OLD RECORD.

Newburyport, Mass., Oct. 31.—Edward Weston, the 70-year-old pedestrian, who set out from Portland, Me., Tuesday to beat his record of forty years ago walking to Chicago arrived here at 8:20 last night. He was eleven miles ahead of his record. A crowd of 2,000 welcomed Weston, indicating the public interest in his attempted feat. Weston expects to reach Boston tonight.

### WOULD PUT LID ON OMAHA AMUSEMENTS.

Omaha, Oct. 31.—Mayor James Dahlman today issued a proclamation calling upon theaters and other amusement places and all business concerns to obey the law by closing their places on the first day of the week. The proclamation commands the chief of police to enforce the order and the mayor declares that all the resources at his disposal are to be used to close the city up tight next Sunday. Theater managers will hold a meeting during the day to consider what action they will take.

## PERSONAL INQUIRIES

To be Made by Congress-  
men Into Monetary  
Needs of Canal.

Representative Tawney  
and Party Sail for  
the Isthmus.

New York, Oct. 31.—Representative James A. Tawney of Minnesota, chairman of the committee on appropriations of the house of representatives, will leave New York today on the steamship Colon for the isthmus, to make personal inquiries into the present and prospective monetary needs of the Panama canal.

Mr. Tawney will be accompanied by these members of the committee: Gen. H. H. Bingham of Pennsylvania, Washington Gardner of Michigan, Walter I. Smith of Iowa, Joseph Graff of Illinois, Martin B. Madden of Illinois, Gen. J. Warren Keifer of Ohio, T. F. Livingston of Georgia, Albert S. Burleson of Texas, J. W. Brundage of Arkansas and George W. Taylor of Alabama.

"We are making the trip," said Mr. Tawney, today, "mainly because the isthmian canal commission has asked for an appropriation of \$22,000,000, with which to continue its work for the fiscal year beginning July 1, 1908. "Congress fixed arbitrarily the cost of the canal at \$138,000,000. Thus far congress has authorized the issuance of canal bonds to the extent of \$75,000,000. If we find that the estimate of \$22,000,000 made by the commission for continuing the work of construction through the next fiscal year is correct, we shall unhesitatingly grant it. If we grant that sum then the actual cost of the canal to the first of July, 1908, will be \$105,000,000 or \$23,000,000 short of the original cost of construction, exclusive of the total cost of construction to the Panama canal company for its property and franchise rights, and \$10,000,000 to the republic of Colombia for the franchise. At the present rate of construction, the work ought to be completed by Jan. 1, 1914, but in order to be on the safe side, I will give a year's leeway and fix the date of completion at the first of January, 1915. I also estimate that the total cost of construction will be not less than \$250,000,000, thus making the canal cost us in actual cash \$260,000,000."

### THE DEFENSE OF HARRY THAW TO BE INSANITY.

New York, Oct. 31.—Announcement was made today that insanity is to be the plea in the defense of Harry K. Thaw, whose second trial, for the slaying of Stanford White will begin on Dec. 2 next.

Martin W. Littleton, chief counsel for Thaw, it is stated, has not adopted this course as merely a theory on which to conduct a successful defense, but because he feels certain of the unsound mental condition of his client.

## RAILROADS CONGESTED

Refuse to Make Grain  
Contracts From Buf-  
falo to New York.

Four Million Bushels Now  
Awaiting Shipment From  
Former City.

New York, Oct. 31.—Following the recent protests of Western grain shippers that it is impossible for them to get the trunk line railroads to move consignments of grain from Buffalo to New York, and that in refusing to enter into contract for these export shipments the railroads were greatly hindering the grain export trade, it is learned that the New York Central, the Lackawanna and the Erie have temporarily discontinued the making of contracts on grain shipments.

The officers of the roads say that the cutting off of contracts on future shipments was due to the purely physical condition of car shortage.

Francis La Beau, freight traffic manager of the New York Central, said: "We stopped making contracts on future shipments about ten days ago, and will not start up again until we are able to see our way clear out of the job of delivering the grain that we (Continued on page 5, second column.)

## MURDERER IS ANXIOUS TO DIE

Slayer of Mrs. Grant  
Pleads Guilty and Wants  
Quick Execution.

Chicago, Oct. 31.—Richard Walton, the negro who recently murdered Mrs. Lillian Grant White by strangling her, and who, after a pursuit of several weeks, was arrested in Springfield, Ill., was placed on trial yesterday.

Walton entered a plea of guilty despite the warning of Judge Brennan, that unless it be accepted he would be sentenced to death. Walton persisted in his plea, but Judge Brennan ordered that evidence of the crime be taken.

When the evidence had been heard, Judge Brennan sentenced Walton to be hanged Dec. 13.

"Can't you make it shorter, judge?" asked Walton when the sentence was pronounced.

"I regret that the law will not permit me to accommodate you. That is the earliest day possible," replied the judge.

Mrs. White was a kindergarten teacher of high reputation. She had employed Walton to perform some work in her room preparatory to moving, and during the night he entered her room and strangled her to death for the purpose of securing her jewelry.

Financial Flurry Expected

Living.

Local Dealers Anticipate  
Reduction in Cost of  
Foods.

Chicago, Oct. 31.—That the present disturbed financial condition may bring in its wake a general and substantial reduction in the cost of living was the talk yesterday among jobbers, wholesalers and retailers of meats, eggs and other food products.

Some of them expressed the belief that a reduction of 10 per cent in the retail price of meats may be made in a few days, should the present money stringency continue.

Nearly 1,000,000 cases of eggs are in cold storage in Chicago. For several weeks fresh eggs have sold at 27 cents a dozen retail, and the "cooled" variety at 28 cents.

Advices from Ashland, Wis., today state that Mrs. Matilda Geer, wife of Patrolman Fred Geer of the police force of this city, is under arrest at that city upon instructions from Chief of Police Troyer of Duluth and today pleaded guilty to the charge of adultery.

Mrs. Geer, according to the Ashland advices, ran away from this city with Ray Hotchkiss, son of the president of the Diamond Match company of Green Bay, Wis., and the couple registered at a hotel in Ashland as R. H. Bradley and wife.

Geer arrived at Ashland this morning and has agreed to pay his wife's fine, so it is stated, and take her back to Duluth to the home it is alleged she has deserted and two children left behind in her flight with young Hotchkiss.

Mrs. Geer will be sentenced next Monday. The minimum fine is \$200.

Hotchkiss was arrested several days ago upon complaint of a hotel man at Ashland charging him with obtaining money under false pretenses but the case was dropped, according to advices received today.

Mrs. Geer will be sentenced next Monday. The minimum fine is \$200.

## TWO HELD UP AT ST. PAUL

Same Man Attempts Double  
Robbery on Sainly  
City's Streets.

St. Paul, Minn., Oct. 31.—(Special to The Herald.)—Miss Helen Fischer, who lives on Garfield avenue, and Richard Pether, 536 Harrison avenue, were held up by the same man at different times last evening at Harrison and Garfield avenues.

Miss Fischer was approached by the man about 6:30 o'clock, while on her way home from Mannheimer Brothers' store, where she is employed. The man demanded her valuables, and just as she was about to hand them over he was frightened away by a man passing on a bicycle.

At 10 o'clock, Richard Pether was held up by the same man. This time the robber displayed a revolver, and ordered Pether to hold up his hands.

The robber went through his clothes and secured \$1 in small change. The police were notified.

## INDIANS AND TROOPS FIGHT

Three Persons Said to  
Have Been Killed  
in Utah.

Washington, Oct. 31.—In a battle between United States troops and Indians, which occurred in Southern Utah several days ago, three persons were killed and another wounded, all believed to have been Indians.

The news of the occurrence was conveyed to the Indian bureau in a telegram from Supt. Shelton of the San Juan agency, which though dated yesterday, was not received until today.

Was Charged With Accept-  
ing Bribe From W. F.  
Bechtel.

Minneapolis, Oct. 31.—(Special to The Herald.)—This morning Elmer H. Dearth was acquitted on the charge of bribery.

Mr. Dearth is an ex-state insurance commissioner and was indicted by the Hennepin grand jury on the charge of bribery. It was alleged he took a bribe from W. F. Bechtel, then of the National Life company, of Minneapolis. The case of the state was fully presented, and this morning the attorneys for the defense moved for a directed verdict. This was granted by Judge Smith.

Mr. Dearth, who is a St. Paul man, was warmly congratulated on his acquittal.

## TO TELL THEIR STORY IN SONG

Mabelle Gilman-Corey's  
Sisters Are to Startle  
Broadway.

New York, Oct. 31.—The alleged renunciation of her poverty-stricken family in San Francisco by Mrs. Mabelle Gilman-Corey, wife of the steel king, William Ellis Corey, is to be put to music and produced on the New York stage.

And to make it more realistic, the pathetic story is to be sung by Miss Eunice Gilman, the 16-year-old sister of Mrs. Corey, who arrived in this city with her other sister, Pearl, today.

The song will tell the story of a large family, made destitute by the San Francisco fire, seeking refuge on the outskirts of the city, and receiving no word or assistance from the wealthy daughter in the East.

The first song is to be called "The Burning of San Francisco." Miss Eunice will sing it. Then, after a quick change of costume, she will sing the second song, called "My Big Sister," as an answer to the first. With her voice changed to imitate the cultured accents of her sister and the manner of a "grand lady," she will tell the story of the annoyance one gets from "poor relations" and the nuisance of not being let alone when one has wealth. When seen yesterday, C. H. Gilman, father of the girls, said:

"I have been successful in getting an engagement for my two daughters in New York on very good terms. Their run will commence on Nov. 4 in a sketch called 'The Lost One Found.'"

Mr. Gilman and his daughter Ruby will also appear in this sketch.

## BRISTOL, TENN., FREE OF ALL SALOONS.

Bristol, Tenn., Oct. 31.—The last of twenty-five saloons which Bristol had only a few months ago will be closed tonight, when thirteen more establishments will go out of existence. The saloons were voted out of Bristol a few months ago. All trains have been crowded with passengers from East Tennessee and Southwest Virginia, and hundreds of people have carried away packages of whiskey, while daily shipments have crowded the express cars.

VALUABLE JEWELS STOLEN.  
New York, Oct. 31.—Jewels valued at \$1,000, according to police reports made today, have been stolen from the Bronxville home of Paul Bayne, a New York banker. A young man who visited the Bayne home in the guise of a lighting inspector is believed to have committed the theft.

Indicted by Grand Jury  
for Misconduct With  
Girls.

Previously Arrested and  
Was Released on  
\$3,000 Bail.

Charges, If True, Would  
Send Him to Prison  
for Life.

New York, Oct. 31.—The sudden disappearance of Raymond Hitchcock, the comedian, has not yet been cleared up. About the time the news of his failure to appear at the theater on Broadway, where he has been starring, began to spread in the theatrical district, he was being indicted by the grand jury for alleged misconduct with three little girls. These indictments charge him with felonies, and conviction on the six counts might send him to prison for the rest of his life.

Several theories are advanced as to the missing actor. One is that he is bound for Europe and that the steamer he is on is the White Star liner Majestic, which left about an hour after he was last seen here. Another is that he has met foul play, and yet another is that he has committed suicide, having become crazed by the accusations against him.

Flora Zabelle, his wife, who is in the play in which Hitchcock had the leading role, told Henry W. Savage, owner of the company, that her husband left the hotel, where they were staying, shortly before breakfast, saying that he was going to a Turkish bath and would join her at the matinee. This is the last she saw of him.

Mrs. Hitchcock, to whom he was married two years ago, is the daughter of Dr. Managassarian, an Armenian, of Chicago, a lecturer on ethical culture.

Hitchcock is under \$3,000 bail to appear in police court today to answer a charge of criminal assault, upon which he was arrested several days ago. No trace of him had been found up to the hour at which he was to have been in court, however, although the search for him had been prosecuted steadily throughout the night and morning. One after another the theories which have been advanced as to what became of Hitchcock after his sudden disappearance nearly yesterday morning are being run down by the police and detectives, who have been out at work on the case. One of the first of these to be exploded was that he took passage on the steamer Majestic for Europe yesterday. Hitchcock's name was not on the passenger list and officials of the line said they had absolutely no reason to believe that he is among the Majestic's passengers.

Flora Zabelle, the missing actor's wife, who has a part in the "Yankee Tourist" company, in which Hitchcock has been starring, was completely exhausted today as the result of the strain of the last twenty-four hours. Despite the fact that she was apparently on the verge of breakdown, she went through her part in both the matinee and evening performances of "The Yankee Tourist." After the close of the performance, Mrs. Hitchcock remained up all night, assisting in direct the search for her husband. She will not listen to any theory which included flight, insisting that she believes he has been the victim of foul play. In support of her contention, she declares that Hitchcock made absolutely no preparations for flight, as he had only a few dollars in money and two or three rings with him when he left the hotel yesterday morning.

## LEGISLATURE OF LOUISIANA

To Meet in Special Ses-  
sion to Regulate  
Corporations.

New Orleans, Oct. 31.—The passage in Louisiana of a law similar to those recently enacted or proposed in other Southern states for the regulation of corporations was today placed before the coming extra session of the state assembly by proclamation of Lieut. Governor J. Y. Sanders. The ousting from the state of corporations which oppose state laws, or state suits by appeals to federal courts, is one of the measures urged. Others include investigation and regulating of telephones, telegraph, railroad and express business. The extra session meets tomorrow. The fact that the lieutenant governor's proclamation is issued in the absence from the state of Governor Blanchard, and only four days after the latter's unexpected call for an extra session created unusual interest.

Lieut. Governor Sanders is one of the candidates for the nomination for governor in an approaching Democratic state primary election. Governor Blanchard's call was issued last Saturday night, soon after which he left for the Jamestown exposition. Governor Blanchard's call laid before the assembly, as being important, an investigation of New Orleans port conditions and reductions in the state tax department. The telephone investigation called for by Mr. Sanders has already been started independently by several large commercial bodies in New Orleans.

## ADDITIONAL CIRCULATION

Will at Once be Taken Out by National Banks.

Washington, Oct. 31.—Treasury officials are agreeably surprised at the number of banks throughout the country which have already indicated their purpose to comply with the suggestion of Comptroller of the Currency Ridgely that additional circulation be taken out. Although the suggestion was made only yesterday afternoon, a large number of telegrams were received at the department as early as 9 o'clock this morning asking for additional circulation varying in amount from a few thousand dollars to \$2,000,000. George E. Roberts, former director of the mint and now president of the Commercial bank of Chicago, is here and has engaged \$2,000,000 additional circulation for his bank. Sol Wexler, vice president of the Whitney Central National bank of New Orleans, is also here and is making arrangements to materially increase his holdings. Other prominent bankers, through

Washington representatives, are arranging to deposit the necessary securities preparatory to taking out National bank notes to the limit of their capital stock. The comptroller now has in his vaults National bank currency to the amount of \$10,000,000, and while a considerable proportion of this amount belongs to banks that have already reached their limit under the law, a very large sum is available for banks that carry only a comparatively small amount when compared with their capital. One large New York bank could, under the law, it is said, take out \$10,000,000 additional circulation, and in all probability will soon ask for a material increase. Mr. Ridgely today expressed the opinion that within the next ten days the outstanding circulation of National banks will have been increased from \$5,000,000 to \$20,000,000 and possibly a much larger sum.

There are indications that many banks that have no United States bonds on hand to deposit as security for circulation are borrowing them from other banks that have a surplus on hand or have already reached their limit. In many instances these requests for accommodation of this character are being promptly complied with and there seems to be a general inclination among banks to assist one another in the effort to materially increase the amount of National bank circulation.

## RAILROADS

## ARE SHORT OF MONEY

One Railroad Office Had Only \$5 in Cash.

Traveler Has Hard Luck Story to Tell the Agent.

Local railroad offices are feeling the effect of the cash shortage. One railroad office had but \$5 in currency in the place this morning. In many instances travelers were compelled to go out and get cash when they presented a check for the payment of a ticket. One man purchased a ticket to St. Louis and tendered a \$50 draft in payment. He was given the balance due in express checks. The office did not have the cash to give him, and it is extremely doubtful if any ticket seller would make cash change on a heavy draft or check. One traveler told a hard luck story to the ticket seller in the Northwest. He was carrying \$1,000 in currency on his person and secured a draft for his deposit and was then dismayed to find that he could not draw ready cash on his deposit. Most of the ticket offices have a supply of cashiers' checks on hand and are making change with these instead of handling currency.

## NEW STOCK ISSUE

New Haven, Conn., Oct. 31.—The New York, New Haven & Hartford railroad directors yesterday proposed for special consideration, at the meeting on Nov. 8, the question whether new stock to be issued by the company should be put out at \$25 or \$100 a share, and also whether 32,219 shares shall be issued instead of the 54,000, as proposed in the advertised notice and considered at yesterday's meeting of the stockholders. This stock issue creates a unique situation. Originally a majority of the directors voted to issue the new stock at \$100, but subsequently rescinded the vote and decided on \$25. Since then the whole New Haven shares, and the company is faced by the dilemma either of issuing the stock possibly at a point where stockholders would not subscribe, or of holding to the official announcement that the stock would issue at \$25. If the stockholders do not take the stock, the whole plan fails, unless the stock is underwritten.

Meanwhile a considerable number of the rights changed hands by personal contracts with brokers and others at between \$2 and \$3 a right. A question has arisen and is much discussed as to the legality of the delivery of rights under these conditions. Those who have bought the rights for delivery will insist that they be turned in for delivery, and the seller, on the other hand, may refuse to deliver them. In the case of brokers who are members of the New York stock exchange, this situation may call for a stock exchange ruling. At a meeting of the board of directors the following officers were elected: President, Charles S. Melton; vice president, Charles S. Melton; treasurer, A. S. May; secretary, John G. Parker.

## RESTING IN MUD

Montreal, Oct. 31.—The steamer Montreal of the Canadian Pacific, which was aground in Lake St. Peter, is resting on a soft bottom and will probably be floated after lightening part of the cargo.

This morning a group of members of the gang were taken in and all were put through a vigorous examination at the Central station, as a result of which they were released under surveillance. LaTarte alone being retained. The police are investigating further, and it is expected all implicated will be taken before the juvenile court, the course to be pursued depending on the action of the coroner's jury.

This morning J. D. Seashore performed an autopsy on the directions from Coroner's office, who had visited the scene of the accident last night and viewed the body. Dr. Seashore found that the man died from a fatal physical condition previous to death and death was undoubtedly caused by the electric shock. There was a burn on the upper lip and two burns on the left hand, which had come in contact with the wire. The body was removed last night to Filtrault's undertaking rooms, and tomorrow a coroner's inquest will be held to place the responsibility for the affair.

The Itain Caused Death. The man's death undoubtedly due to the weather conditions, of which the boys probably took no account. It is evident did not think the shock would be sufficient to injure any chance victim permanently, and it is the opinion of electricians, who visited the scene, that the shock would not have been sufficient to kill had the surroundings been dry. But the rain early in the evening had saturated the walk and the building to which the wire was attached, and the result was a much heavier charge than would have passed through the wire in dry weather.

Mehic was a stranger in West Duluth, arriving Monday from Richmond, Wis., where he had been working in a lumber camp. He arrived in the United States from Austria about eleven months ago and his father, mother and five sisters still live there. He had two cousins in West Duluth, both boarding house keepers, but he had only stopped over temporarily to see them. He intended leaving today for tomorrow for Washington to work in the lumber camps.

Monthly Report. Lieut. Briggs of the West Duluth police force is preparing his report for the month of October. Up to noon today, there had been fifty arrests in the West Duluth station, the number being greater than in any previous month in the history of the station. There were thirteen plain drunks taken in, twelve on "drunk and disorderly" charges, thirteen for gambling, three for trespass, and the others on miscellaneous charges. Besides these, there were several children arrested and sent to the juvenile court, the month being a particularly heavy one.

## VICTIM OF BOYS' JOKE

Jovo Mehic is Instantly Killed by Live Wire.

Boys Laid Trap to "Make the Austrians Jump."

Colliding with a live wire strung across a walk leading to an outhouse in the rear of his boarding house at 5602 Raleigh street and later grasping it with his hand, Jovo Mehic, an Austrian 24 years of age, was almost instantly killed about 9:30 o'clock last evening.

The tragedy was the result of an attempt at a premature Halloween joke on the part of a number of boys in the neighborhood, and George LaTarte, 11 years of age, living at 5604 Raleigh street, said by the police to the boys, "Make the Austrians jump." The wire was strung across the walk leading to the outhouse, and the boys were standing on the roof of the outhouse, and the other end was connected with the feed wire to the electric light bulb over the door of the outhouse, the insulation being scraped from the electric wire to permit of a connection.

When Jovo Mehic, another boarder at the house, was the first to come in contact with the wire, he was walking along when it struck him full in the face. He jumped back, dodged under it and went on his way, but the body was not thinking of the occurrence. At least, it did not come to Mehic's ears, and he was not on his guard. Nobody saw the accident, but from the appearance of the body it was evident that the wire first struck him in the face, then went on to his left hand to push it away and received the full force of the shock, being killed almost instantly.

The body was found a few minutes after the accident and the police notified. Several men, who did not notice the wire, attempted to pick up the body and received severe shocks. Lieut. Briggs of the West Duluth police and Detective Schulze, who were on duty at the time, responded to the call, which said that the man had been murdered. When they arrived at the scene, lights were secured, and the cause of death quickly discovered. The wire was cut and the man's hand and its deadly connection with the electric light wire was broken before the body was removed.

Louis Zukos, proprietor of the boarding house, notified the police that he had seen boys prowling around back of his house in the evening, and acting on the clue, Arthur Embick, 12 years of age, living at 212 South Fifty-seventh street, was arrested.

It is said he confessed to the Halloween plot for "making the Austrians jump." Embick and several other boys, Young LaTarte and Herbert Darter, 14 years of age, were taken into custody last night and held in the Central station all night.

Gang Rounded Up. This morning a group of members of the gang were taken in and all were put through a vigorous examination at the Central station, as a result of which they were released under surveillance. LaTarte alone being retained. The police are investigating further, and it is expected all implicated will be taken before the juvenile court, the course to be pursued depending on the action of the coroner's jury.

## WILL WIPE OUT GANGS

Police Will Try to Round Up the Unruly Boys.

Property Destroyed in Premature Observance of Halloween.

The tragedy resulting from an attempt at a premature Halloween prank last night will not greatly dampen the ardor of West Duluth's youthful population in unbecomingly and maliciously observing the day was rather general, according to reports received by the police this morning. Mrs. Fousult, a widow, who owns a little grocery store on Fifty-eighth avenue west, reported that a small wagon had been taken by boys Wednesday night and so badly smashed that it is unfit for further use.

C. J. Johnson, proprietor of a meat market on Central avenue reported the loss of a wagon, which had not been found up to noon. An outhouse at the Alger-Smith mill was damaged over in the bay. Several other outhouses were pulled over and numerous people reported the loss of gates.

Tonight, the police will be on the trail with a vengeance. The regular force will be augmented by several men and the youthful marauders will find themselves in their destructive warfare against the property of citizens. The taboo has even been placed on such a comparatively harmless amusement as the saoping of windows and some of the gangs bent on disturbing the quietude of peaceful citizens will find swift vengeance in the shape of a blue coated guardian of the law descending on them.

The West Duluth police are long sufferers in dealing with the youthful population of their district. There are several gangs of boys continually making trouble and thus far, all efforts to break them up have been futile. Leniency was shown in making trouble and thus far, all efforts to break them up have been futile. The future and the severest measures at hand adopted, the unfortunate affair of last night showing the limits to which the boys will go.

Some of the boys have been unusually persistent in their depredations and assaults on the property of citizens. They are not effective in breaking up the gangs. They are said to have elaborate systems of look-outs for policemen and signals for slipping off the approach of officers. The police have been successful in corralling a good many of the offenders lately and it is a trouble ahead for more of them unless they change their ways.

Robert Moore Dies. Robert Moore, aged 49 years, died yesterday afternoon at his home, 124 North Fifty-eighth avenue west, after an illness of over five months, dropsy being the cause of death.

Mr. Moore was born in La Porte, Ind., and came to Duluth twenty-one years ago, working at his trade of plumbing until last June, when he was forced to give up work by the disease. For a number of years he was engaged in the business of West Duluth, and stood well in the estimation of its citizens. Mr. Moore is survived by his wife, one son, R. E. Moore, and two daughters, Irene and Marie. The funeral arrangements have not yet been made, but it will probably be held Sunday afternoon, with services at the home.

Not Backed by Club. The attributing of the filing of a petition for changes to the character of the assessing of the costs of public improvements, to the West Duluth Commercial club, in the morning paper, is objected to by members of that body, as the club was in no way connected with the filing of the petition.

Chas. Smith, secretary of the building and loan associations of Duluth, was the prime mover in securing signatures to the petitions. He tried to induce the club to back the petition.

## THE ADVANTAGES OF Ready-to-Wear Apparel

Some few women still cling to the old idea that in order to get a garment they must select the materials themselves, then have a dressmaker put around them for a week or two, then find out, at last, that it doesn't look as they thought it would or that the workmanship is not up to the standard. We wish those ladies would give these facts their consideration. First—The manufacturer, whose dealings go up into the hundreds of thousands of dollars, can afford to employ far higher skill than the private modiste who is limited to some hundreds. Second—The manufacturer has greater facilities and resources as to patterns, styles and fabrics. Third—You are welcome to come here and see all the new styles in their different materials, examine the workmanship, try on as many different shapes, colors and types of garments as you wish before you make your choice. Is there then, any logical reason why a woman should not buy ready-to-wear garments? There is but one answer, and that in our favor—for we are the acknowledged leaders in the ready-for-service line, and the most exclusive ladies' outfitters in the Northwest.

## How to Keep Your Hair Beautiful

This is a question asked every minute in the day by some one—How can I make my hair beautiful, or how can I promote its growth? How can I save it from coming out, etc., etc.

Can you recall the first letter or composition you ever wrote? At that time you thought it a very hard task and complained to your parents at being compelled to do it. It is not so hard now; you understand it. Just so with your hair. When you understand its requirements it is not so hard for you to write a letter or composition now. Beautiful hair may be acquired by any one who will follow my instructions, which are simple. Use E. BURNHAM'S GRAY HAIR RESTORER and TONIC, which turns gray hair gradually back to its youthful color. E. BURNHAM'S GRAY HAIR RESTORER and TONIC is acknowledged the standard of the world. It has made thousands of people happy. It will please you.

### DETROIT MAYOR ACCUSED

Prepares Campaign to Investigate Paving Graft Charges.

Detroit, Mich., Oct. 31.—Mayor William E. Thompson is preparing a campaign against practically every Republican city official in which he will charge that the city has lost thousands of dollars and that there has been big graft from paving contracts. The department of public works will be the chief point of attack.

The mayor alleges that asphalt companies have been paid thousands of dollars for asphalt that never was delivered. He also alleges that poor business methods exist in that department, and that one of its forces has been taking money for his own use for more than a year.

The park commission, police department, the water board, the county poor commissioners and other departments also will be assailed.

### Take off 10-20 or 30 lbs.

How much thinner would you like to be, ten—twenty—thirty or fifty pounds? You can take off superfluous flesh without dieting, exercise or spoiling the outline of beauty at a trifling expense by asking your druggist for 1/2 oz. of Mar-mola, 1/2 oz. of Flax Extract, Cascara, Ar-matic, and 3/4 oz. of Syrup Simplex. Take a teaspoonful after meals and at bedtime. This is a safe and simple but highly recommended home recipe.

## CONCERNING MAMA.

It is no fun to keep house. The housewife has to put up with lots of things. There are husbands, for instance. Then there are maid servants. How far ahead the prophet of old looked when he ordered "Thou shalt not covet thy neighbor's maid servant!" How often the commandment in this year of grace. Then there is house cleaning. The mere cleaning of the house isn't so bad, but there is getting rid of the partly worn garments. Not that it is difficult to get rid of them, but it is difficult to placate the family later on. All is peace and quiet, good fellowship and rejoicing in the house when suddenly comes a voice of ill omen saying: "Now that the weather is getting so bad, I guess I'll get that old hat of mine and have it made over. I just can't wear this brassy new one out in such weather, and, perhaps, I can get it fixed. Could you tell me where I could find it, please?"

The housewife who knows that the evil hour is almost here asks with elaborate innocence, "What hat do you mean?"

"Why, you know," says the former owner. "It had some sort of bluish green feathers on it and some awfully good velvet, and an iridescent buckle that was the pride of my young heart. It can be made over into an awfully nice hat."

"I don't seem to remember it," said the housewife.

"Oh, yes you do," says the voice from the midst of dark boxes and darkness in the depths of a closet. "It was right in this box, and I certainly could not have walked away."

"No it didn't," owns up the person who cleaned the house. "You are right, it didn't. I gave it away."

"Gave it away?" Gave it—well upon my word that perfectly good hat that could be used without a thing being altered upon it? It had a buckle that looked like a bird's head and some bluish feathers and some perfectly—"

"It's funny you didn't use it some time then during the years it has lain around this house. When I have put it in trunks and taken it out and put it in the garage and put it in moth balls and taken it out and dusted it and aired it and being pestered to death with, and—"

"But you gave it away!"

"Well, did you expect me to start out and sell it," with a sharp edge on her voice.

And the housewife goes off in misery to find the person she has chosen to love, honor and obey, searching frantically among all the newly arranged clothes closets and carefully tidied chiffonier drawers, tossing the contents around in horrid disarray.

"I am looking for a vest," he says coming near. It was an awfully nice vest. It was sort of green with little red spots in it and it had such nice buttons on it. It was a real warm vest too. I think I'll wear it these cold days."

Yes, I remember. It was a warm vest. A real warm vest. But I would not bother looking for it any more this evening. Maybe I can find it tomorrow. Did you notice that the new magazines came this afternoon?"

"I want to get that vest," with dogged determination.

"Well, you might as well quit looking," with a steady calm she was far from feeling, "for I gave the vest away."

"Gave the vest away? Gave the vest away? Well I'm dam—"

"To whom please?"

"The wash woman—for her husband."

"And how will I feel, if you please, to see that man walking down the street with my vest on?"

"Nobody'll know, John."

"I'll know, won't I? I'll know. Gave that vest away! The extravagance of some women! Maybe you gave away my hunting boots and—"

But a mute nod of acquiescence from the saddened woman puts John into a palsy of speechlessness. His hunting boots, too!

### MAKING RECORDS.

Rena Vivienne Is Singing "Mme. Butterfly" Into Talking Machine.

Duluthians will be interested in the news that Rena Vivienne is singing for one of the talking machine companies making a set of eight or ten records of "Mme. Butterfly" numbers, which will shortly be on sale through out the country. Only two records have been made of this opera in the past, Geraldine Farrar and Louise Homer being the soloists, both records being in Italian.

have at Buffalo already under contract. If imagine, however, that within a couple of weeks all the roads will have the situation cleared up a bit and be able to make new contracts.

"We have at Buffalo at the present time some 4,000,000 bushels of grain in storage. This mass of grain represents the capacity of some 3,000 cars. It would be absolutely impossible for us to handle this grain at once and pile up more orders on our hands without sacrificing our intermediary trade. We cannot take all of these cars and ship them to Buffalo for this grain and let our way traffic suffer. We have to divide the thing

received with much regret. Miss Ensign has been president of the Guild for five years and has received list for four years before that. A vote of thanks was passed by the organization for Miss Ensign's long and faithful work and she was elected first vice president at the election which followed. The officer, who will serve during the year as, honorary president, Mrs. T. D. Merrill; vice presidents, Miss Julia Ensign, Mrs. A. W. Hartman, Mrs. H. F. Williams and Mrs. W. B. Silver; secretary, Mrs. William Dalrymple, and treasurer, Mrs. E. T. Buxton. The executive board is composed of Mrs. E. W. Matter, Mrs. J. P. Kilborn and Mrs. R. N. Marble.

A motion was made and passed unanimously that the receiving list would be closed the first day of the round up and any contributions coming in after that time would be laid aside to be counted on the next year's list. There has been much confusion and unnecessary work caused this year by the late arrival of many of the gifts of the contributors.

The annual round up involved an amount of work that is tiring and tiring when the contributions are not promptly received upon the day set. At the next annual round up nothing will be received after the evening of the first day.

This year, 2,100 garments will be distributed among the organized charities of the city and among a few families. Last year the number of garments gathered together was 2,554. There was sickness in two of the sections and the contributions were not sent in. Next year it is hoped to organize several more sections through out the city. On the whole there is much satisfaction with the round up of garments as the quality and quantity is such as to bring credit to many during the winter months.

### Halloween Party.

The annual Halloween party last evening at the rooms of the Young Women's Christian association was a great success and 150 of the association members and their friends enjoyed a delightful evening. The lights throughout the rooms were shaded in pumpkin colored paper and the decorations were of black and white. The lowering effect of the witches' night. Many of the guests wore costumes, and typical amusements occupied the hours. Gruesome readings were given by Miss Marie Seska and Miss Kathleen Waterworth. Scooped out pumpkins were the receptacles in which the refreshments were placed, temporarily, and the dining room was decorated in appropriate symbols for Halloween.

The Lackawanna temporarily discontinued future contracts about the same time that the Central did and the Erie had taken the same action a few days previous. It is believed that they will be all able to relieve the congestion in a few days and resume the acceptance of contracts.

New York, Oct. 31.—Ocean freight rates to Europe are up from 10 to 20 per cent, and they are likely to go higher before they reach their former low level, but there is no fear of a scarcity of room in spite of the increased export to which the shippers are looking forward this fall.

### PUBLIC CONFIDENCE IS PRACTICALLY RESTORED

(Continued from page 1.)

several millions."

President George M. Reynolds of the Continental National bank said: "The plan will be a very great help if the banks will avail themselves of it. In my opinion it will greatly relieve the situation. There is no telling at present how much the Chicago banks would increase their circulation, but probably in the neighborhood of three millions. Business conditions are steadily improving, and the general situation is much more favorable now than at the opening of the week."

President E. S. Lacey of the Bankers' National bank, said: "I consider the plan a very wise one. It will unquestionably be of great benefit to many banks throughout the country which hold government funds, and will add considerably to the circulation. I am unable to even hazard a guess as to the possible increase that will result in the case of the banks in this city."

President L. A. Goddard of the Port Dearborn National bank, said: "I believe the action proposed by the controller will be of great help to the banks. Throughout this trouble the authorities in Washington have exhibited sound judgment, and have acted wisely, and in accordance with the best business principles."

Philadelphia, Oct. 31.—Presidents of National banks in this city heartily endorse the plan of Comptroller Rigley for the increase of National bank circulation.

George H. Early, president of two prominent National banks in this city, and at the head of three other Philadelphia financial institutions, today said: "The trouble about all these matters is that there are too many cooks. Everyone has known for years that this country needs a more elastic currency, but each doctor insists on his own remedy and so the country from time to time suffers. Just as it does now. It is the part of patriotism, therefore, to accept the controller's plan and do something instead of continuing to try to prove that each one of us is a good deal wiser than all the rest, for that always ends in nothing. It is incredible to us as a nation that money should ever command 100 per cent and it is absolutely unnecessary. Let us get together and act."

### BANK OF FRANCE

Would Come to Aid With Funds, If Called Upon.

Paris, Oct. 31.—The Bank of France today indirectly gave out the following statement: "In regard to the rumors current in London that the Bank of France is disposed to remit to London or New York \$2,000,000 against sterling bills, the bank has reached the Bank of France from London. At the same time it can be stated that should such an appeal be received the Bank of France, inspired by the poor business conditions of the two countries would not hesitate to come to the aid of the London market."

### RATE INCREASED.

Bank of England Raises Discount From 4 1/2 to 5 1/2 Per Cent.

London, Oct. 31.—The rate of discount of the Bank of England was raised today from 4 1/2 to 5 1/2 per cent. The increase had been regarded as a foregone conclusion in consequence of the rumors made upon the Bank of En-

### land's stock of gold by the demand from America and the recent rise in the discount rate of the Imperial Bank of Germany.

Since last Thursday the United States secured about \$2,500,000 in gold from the Bank of England and in the open market, and the bank's reserve has been reduced to slightly below \$21,000,000 which, however, was \$2,500,000 higher than at this time last year, when the bank rate was 6 per cent. The financial flurry in America upset these calculations and caused unwelcome pressure here, necessitating protective measures. Apart from the American demands for the metal the Egyptian requirements for the movement of the huge cotton crop of that country have yet to be satisfied and money is badly wanted in Brazil and Germany. Should London require assistance it seems to be agreed that Paris will help to the extent of \$3,000,000 in gold in exchange for sterling bills, this being similar to the transaction of last year, when the American demand for gold was so keen. This friendly disposition on the part of the Bank of France and the fact that the United States treasury afforded much help to the American market during the strain probably kept the Bank of England authorities from raising the discount rate to 6 per cent.

The announcement of the higher bank rate put an end to the suspense which had been hanging over the stock exchange for some days, and except in the case of consols was the signal for a general improvement. Consols rose a few points, but the 2 1/2 per cent. Americans at noon stood two to six points above yesterday's closing prices, this being more than a point over the influence of the over-night rally in New York and the belief that the monetary outlook was more satisfactory than had greater appearance of cheerfulness than for some time past.

A couple of small failures of brokers were announced today, but they had no effect on the markets, which under the influence of the over-night rally in New York and the belief that the monetary outlook was more satisfactory than had greater appearance of cheerfulness than for some time past.

## AFTER BIG FORTUNES

Damage Cases Aggregating \$200,000 Filed in One Day.

Based on Charges of Negligence by Employing Companies.

Damage cases aggregating \$200,000 in claims for personal injuries, were filed with the clerk of the district court late yesterday afternoon, for trial at the November term of court. The filings had to be made before the clerk's office closed last evening in order to get the cases on the new calendar without special motion. Including the suits of similar nature filed earlier in the day the aggregate claims presented yesterday, alone, would total about \$200,000.

Matt Laubach, who was employed in the Pioneer mine near Ely, asks the largest individual amount of damages. He wants \$10,000 for injuries alleged to have been received when he was caught by a cave-in while working on a drift in one of the lower levels.

John Macchia asks for \$30,175 damages for injuries received in the Shagwa mine, owned by the Shagwa Iron company, and Matt Hendrickson would like \$15,000 from the same concern. Both men claim to have been injured on different levels in the mine by reason of an incompetent engineer who had charge of the engine operating the cage. They claim the engineer was drunk and that, therefore, the company employing him is liable for their injuries.

Sakari Kangas, who was employed in the Corsica mine near Ely, is somewhat more modest in his claims for damages. He demands but \$25,000 for injuries received in holding a stick of giant powder until it exploded. He claims that the fuse was damp and held fire.

Charles Foss claims \$25,200 for injuries claimed to have been sustained in the Mountain Iron mine. He claims to have been struck by an engine and run over. John Lepisto thinks \$17,000 will compensate him for the loss of a leg while employed at the Pioneer mine, where he was employed as a brakeman on an electric car line. He claims to have been hurt in a collision.

William Aho asks damages in the amount of \$15,195 from the Consumers Ore company. He claims to have been injured by some machinery at a coal dock tipping over on to him while he was unloading coal.

## PETIT JURORS ARE SUMMONED

Men Selected to Try the Cases on November Calendar.

The following persons have been summoned by the sheriff to serve as petit jurors for the November term of district court to assemble Monday morning, Nov. 19: John J. Swenson, Frank M. Hall, Robert N. Metcalfe, Peter E. Persson, William H. Tork, Charles Schuster, John Schuster, Edward Thorsrud, Frederick G. Callan, George E. Linberg, Joseph E. Carlson, Louis Kipper, Solon B. Baker, William N. Hart, Peter Hahn, Bruce H. Wells, Michael Windle, W. A. Swanstrom, Leonard Timmons, Charles E. Polcher, James R. Ryan, Christian Engel, James E. Weir, William Marshall, C. W. Christensen, John Glover, and William McMan. All of the names are from the range of the district. The names of the jurors are: Frederick W. Brooks of Virginia, T. C. Wagner of Ely, L. J. White of Ely, Jacob Selberg of Hibbing and August J. Tonske of Ely.

## GHOST PARADE AT THE Y. M. C. A.

The Members Will Have an Old Fashioned Halloween.

The social and entertainment committee of the boys' department of the Y. M. C. A. held its monthly meeting last evening, and the following members were present: Chairman Fred Cole, Wilbur McLean, Arthur McMillan, Wendell Moore, Heron Moe, Theron Hawkes, Lawrence Dugg.

The committee has arranged for the annual Halloween social, which promises to be an affair that will long be remembered by every boy who attends. The club rooms will be put up for the occasion. All the breakable things will be put away, and the real old-fashioned Halloween festivities will be indulged in. Members will be required to show their membership tickets to the Ghost who will be in charge at the door, and as far as possible the boys are asked to come dressed in sheets to represent ghosts. Boys who cannot get this kind of a suit can come dressed in rags. Tennis or soft shoes will also be required. The first number on the program will be some shadowplay. This will be followed by the ghost parade through the building, which will be full of interesting incidents. Following this there will be games in the club room, hunting for apples, pin-pointing contests and many other Halloween games. Then the crowd will go to the dining room and around the fireplace eat fresh baked pop corn, tell stories, and have their fortunes told. A number of games the gymnasium will then be played, and the evening will close with a Halloween supper, pumpkin pie and hot chocolate.

### Says Many Persons Can be Made Happy Again by This.

There is so much rheumatism here now that the following advice by an eminent authority will be highly appreciated by those who suffer.

Get from any good pharmacy one-half ounce Fluid Extract Sarsaparilla. Shake these well in a bottle and take in teaspoonful doses after each meal and at bedtime; also drink plenty of good water.

It is claimed that there are few victims of this dread and tortuous disease who will fail to find ready relief in this simple home-made mixture, and in most cases a permanent cure is the result.

This simple recipe is said to strengthen and cleanse the eliminative tissues of the kidneys so that they can filter and strain from the blood and system the poisons, acids and waste matter, which cause not only rheumatism, but numerous other diseases. Every man or woman there well in a bottle and take in teaspoonful doses after each meal and at bedtime; also drink plenty of good water.

## WEAKER AT THE CLOSE

### Coppers Open Stronger, But Have Slump Later in Session.

## Heavy Trading in Coal- tion—Metal Market is Firm.

Copper stocks opened stronger and held firm during the early part of the session today, but tumbled at the close, on bearish news and a heavy selling movement.

Some of the shares were a point or two under yesterday's close, while others held firm or closed a little higher. Butte Coalition was one of these latter, despite news which came out today to the effect that a further reduction of the output of the Coalition mines was going to take place.

There was heavy trading in Coalition during the day, and it had a good bulge. A reaction at the close did not carry it down to yesterday's closing level. Coalition opened at \$15, advanced to \$16.75, and closed at \$15.75, bid and \$16.25 asked.

Calumet & Hecla has announced a cut in the wages of its men, to take effect Dec. 1. A feeling also prevailed in the East, that the financial situation would tighten somewhat and prevent further speculation this week.

The metal market was firm. North Butte opened strong at \$42.50, sold off during the latter part of the day to \$41 and closed at \$41 bid and \$41.50 asked. Amalgamated opened at \$51.75, went as high as \$52.62, declined to \$50.37, and closed weak at \$51.12, bid and \$51.62 asked.

Greene-Canaan acted well, considering yesterday's news about the company's shutdown at the property. It opened at \$6.75, advanced to \$7, sold off to \$6.50 and closed at \$6.37 1/2 bid and \$6.87 1/2 asked.

Anaconda opened at \$34, advanced to \$35 and closed at \$33.75 bid. Calumet & Arizona opened at \$103.50, advanced to \$105 and closed strong at \$108 bid and \$104 asked.

Superior & Pittsburg advanced from \$32.25 to \$31 bid and closed at \$32.25 bid and \$35 asked. Globe sold at \$4.75 and \$4.62 1/2, and closed at \$4.62 1/2 bid and \$4.75 asked. Denn-Arizona at \$3.50 and closed at \$3.50 bid and \$3.62 1/2 asked.

Butte & Superior sold at \$1.75 and \$1.62 1/2, and closed at \$1.62 1/2 bid and \$1.75 asked. Keweenaw was active and closed at \$3.25 bid and \$3.37 1/2 asked. Carman at \$2.25 bid and \$2.37 1/2 asked, and Calumet & Sonora at \$5.50 bid and \$6 asked.

Black Mountain sold at \$4.50 and \$4.25, and closed at \$4.37 1/2 bid and \$4.62 1/2 asked.

## J. M. Lamb in the City.

J. M. Lamb, secretary of the Winthrop Baseball club, was in Duluth to collect money from Ching, where he had been on business matters. Mr. Lamb talked over the prospects for next year with the owners of the local club, but nothing definite materialized.

Mr. Lamb also visited the Twin Cities and met George Lennon of the St. Paul American association club, and Mike Canillion of Minneapolis. Neither was able to give him anything definite on their stand in regard to the Northern league securing places in the Twin Cities, as the American association situation is unsettled and will be until after the meeting of the national association now being held in New York. It is likely that the proposed new Northern league will be nothing but a probability until after a meeting of those interested some time late in November.

## CITY BRIEFS

### The Lamp Exploded.

A gasoline lamp in the printing office of David Adams 1822 West Michigan street, was jolted from the stand it rested upon, by the action of the press yesterday and exploded. Sam Garrison, a porter in the Esmond hotel happened to be near and caught the burning lamp carrying it to the street thus by his coolness preventing a bad blaze. Garrison wore thick gloves on his hands which prevented injury.

### Fire at Mork Home.

Fire broke out in the residence of Charles Mork at 366 West Fourth street yesterday and considerable damage was done before it was extinguished. The blaze originated between the walls, it is thought, and the rooms were filled with dense smoke. Two daughters of Mr. and Mrs. Mork occupied a bedroom, and were almost overcome with the smoke, but escaped without injury. Mr. Hegelund recently purchased the house from Mr. Mork. The loss is estimated at about \$1,000, of which \$700 is on the house and \$300 on furniture.

### Halloween Ball.

One of the principal Halloween attractions tonight will be the masquerade ball given by the Danish Brotherhood at the Esmond hotel. Several prizes will be awarded and Westgaard's orchestra of ten pieces will furnish the music.

### Program is Postponed.

The Ladies' night program arranged by Duluth Council, No. 1488, Royal Arcanum, for Friday evening of this week, has been postponed until Nov. 6. The committee in charge has asked for more time in which to arrange the program. Friday evening the council will initiate a class of candidates.

### Art Association Incorporated.

Articles of incorporation of the Duluth Art association have been filed with the register of deeds. The trustees are C. A. Condon, G. G. Henry, John J. Kilgore, J. A. Patrick, Luther Mendenhall, Mrs. H. C. Marshall, Mrs. E. S. Anderson, Bishop James McElroy and Julius Barnes. The purpose of the association is to promote the art and to have of it. There is no capital stock.

### Wants Lease Corrected.

The Val Blatz Brewing company has instituted a suit against Jacob Stuber of this city to have incorporated in a lease made between the parties some time ago, a paragraph corrected. According to the reading of the document, according to the complaint Mr. Stuber leased the brewing company a building at No. 127 for a consideration of over \$1,000, the money to be paid in installments. It is claimed that after the improvements were made discovery was made that the lease covered only a part of the premises. The premises and to protect itself and the sub-leasee asks to have the lease corrected.

### Owners in a Dispute.

Margaret J. Wilson, who claims ownership with Charles G. Strand in some lots on New Duluth, now owned by a lease made between the parties some time ago, a paragraph corrected. According to the reading of the document, according to the complaint Mr. Stuber leased the brewing company a building at No. 127 for a consideration of over \$1,000, the money to be paid in installments. It is claimed that after the improvements were made discovery was made that the lease covered only a part of the premises. The premises and to protect itself and the sub-leasee asks to have the lease corrected.

### Temple Services.

The regular Sabbath services will be held tomorrow evening at 8 o'clock at Temple Emanuel at the corner of Second and Third streets. The subject for the evening, sermon by Rabbi L. Kowitz will be "Back of the Veil."

### Asks Damages for Beating.

If Howard Reber can convince a jury that he was wrongfully and beaten by Steve Thomas he will stand a chance of collecting damages. The jury to fix the amount. In his complaint, filed this morning, Reber claims that previous to his alleged beating he was earning \$300 per month, but that on account of his injuries he not only lost \$100 in wages, but had to pay \$50 for medical attendance. He thinks \$2,750 about measures his damages.

### Death of Mrs. West.

Mrs. Anna West, wife of Martin West, 137 West First street, died this morning at the age of 70 years. The funeral arrangements will be announced later.

### Homeless Is Inane.

John Peterson, residing on his homestead about sixteen miles south of Biwabik, has been found insane, and Probate Judge Mitchell has made an order committing him to the state hospital. This is in compliance with a petition filed by his wife and four small children. He seems to be afraid that everybody is against him, and his family had to tie him up to keep him from running away from the house. The court has appointed Nels Erickson, a neighbor, as guardian of the property and the children.

### Admits Charge of Bigamy.

Julia Pinsberg, who has been in the hospital with an attack of diphtheria, admitted to the fact that she was guilty of bigamy in the district court this morning. A few weeks ago she committed her husband to the state hospital. He claimed that she has another husband living in Chicago. She admitted the previous marriage and acknowledged that no divorce was ever granted her.

### Potter Funeral.

The funeral of the late Charles W. Potter, whose sudden death shocked his fellow lodgers in the C. O. V. W. anniversary parade last Sunday, was held from Forward's undertaking parlor at 2:30 p. m. Following the services at St. Luke's church, the Sunday school teachers and officers will meet for the purpose of discussing plans to enlarge the scope of the Sunday school.

### Did Not Ask Appointment.

In the probate court proceedings yesterday afternoon during the appointment of a guardian for John L. Lenroot, an aged citizen of Duluth in connection with the estate of his nephew, Mr. Lenroot, an error was made in stating that the nephews asked for the appointment of a guardian for John L. Lenroot. As a matter of fact the nephews had agreed on John Brandt for

## Large Sum in Banks.

The city of Superior has on deposit a total of \$202,134.16 secured by surety bonds of \$218,500 according to a statement of the financial condition filed yesterday by the city comptroller. At the beginning of October, there was a balance in the general fund of \$22,212 and the total balances at that time were \$49,023. The total of overdrafts was \$28,307, including one of \$18,702 in the permanent improvement fund, a fund created by the comptroller to take care for the city's portion of street improvements.

## Ingram Bound Over.

William Ingram, charged with attempting to murder John Gurow, a farmer residing in the vicinity of Brule, was bound over to the superior court by Judge Parker yesterday after he had waived preliminary trial when arraigned for a preliminary trial. He furnished \$1,000 bail to guarantee his appearance for trial. It is alleged that Ingram shot at Gurow while under the influence of liquor. The fact that Ingram had been ordered from Gurow's place is the only reason which has been advanced for the alleged assault.

## Ground Will be Broken.

### THREE COLLEGES LOSE BEQUESTS

#### Because Girl Married Coachman in Opposition to Friend.

Riverhead, L. I., Oct. 31.—Because Mrs. Lena Head Bodley married a coachman in opposition to the wishes of her mother and George C. Taylor, who employed her mother as housekeeper, Yale, Harvard, Williams, Princeton and Hobart colleges will each lose \$100,000. Instead, the Moses Taylor hospital of Scranton, Pa., founded by his father, As Mrs. Head died before Mr. Taylor the \$200,000 bequeathed to her went to the Taylor estate.

Under the will, Mrs. Bodley, the wife of the coachman received nothing, but it is said that Mr. Taylor gave her a large sum—possibly \$500,000—before he died.

### ASSASSIN MAKES TWO ATTEMPTS ON PRINCE.

Yatka, Russia, Oct. 30.—As Prince Gortchakoff, the acting governor was driving from the cathedral here at noon today, a bomb was hurled at his carriage, but failed to explode. The perpetrator of the outrage then attempted to shoot the prince, but a soldier of the guards shot and killed the would-be assassin, who was an ex-student of the local high school.

**MYSTERIOUSLY RE-APPEARS.**  
London, Oct. 31.—Barbara Laporkin, daughter of Ex-Governor Laporkin of Russia, who mysteriously disappeared after leaving the Aldwych theater here Oct. 24, returned yesterday as mysteriously as she disappeared. Her father, who reached London from St. Petersburg, went at once to the house where his daughter had been staying and the whole family immediately left without leaving any address.

### S.S.S. MADE FROM S.S.S. ROOTS AND HERBS A SAFE AND RELIABLE BLOOD PURIFIER

In the time of our forefathers the forests and fields were the only laboratories from which they could procure their medicines. They searched out and compounded the different roots, herbs and barks into remedies, many of which have been handed down to succeeding generations, and continuously used with satisfactory results. Among the very best of these old time preparations is S. S. S., a medicine made entirely from roots, herbs and barks, in such combination as to make it the greatest of all blood purifiers. This absolute vegetable purity of S. S. S. makes it the one medicine that may be used without fear of harmful results in any way. Most blood medicines on the market contain mercury, potash, or some other strong mineral. These act with bad effect on the system, upsetting the stomach, interfering with the digestion, affecting the bowels, and when used for a prolonged period of time often cause salivation. No such effects ever result from the use of S. S. S., and it may be taken by children as safely as by older people. For Rheumatism, Catarrh, Sores and Ulcers, Malaria, Scrofula, Skin Diseases, and all other troubles caused by impure or poisoned blood, S. S. S. is a perfect remedy. It goes down into the circulation and removes all poisons, impurities, humors or unhealthy matter, and makes the blood pure and rich. It eliminates every particle of the taint of inherited blood trouble, purifies and strengthens the weak, deteriorated blood, and establishes the foundation for good health. S. S. S. is Nature's Blood Purifier, and its many years of successful service, with a steadily increasing demand for it, is the best evidence of its value in all blood troubles. Book on the blood and any medical advice free of charge. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

## SPORTS OF THE DAY ARE STILL RESERVED

Players, Who Claimed Automatic Release, Are Mistaken.

**National Commission Makes Ruling for the N. C. C. League.**

Percy R. Glass of Lake Linden, president of the now defunct Northern Copper Country league, is in New York this week attending the annual meeting of the National Association of Minor League Baseball Clubs. He has succeeded in securing a ruling from the national commission to the effect that the players, who claimed violation of contracts on the part of the clubs, on account of the shortening of the season this year, are still under reserve to the clubs with which they played and must respect the reserve on pain of black-listing for failure.

The question was thoroughly discussed at the time the season closed, but no definite ruling was obtained from the commission until this week. The season was originally scheduled to close Sept. 7. It was cut short five days and closed Sept. 2. Some of the players contended that they were paid to Sept. 7, or not, since they were paid to Sept. 7, they could not be reserved, and some of them went so far as to sign up with teams of the Wisconsin-Illinois league and let their names go in on the reserve lists of those clubs.

The contention of Dr. Glass and the club owners was that the league did not know whether the players would have to be paid to Sept. 7 or not, since the telegram to the national commission, asking for a ruling, was delayed on account of telegraphers' strike. The commission upholds the club owners in their stand and the players, who jumped, are still the property of the Northern Copper Country league clubs.

Several deals are on for the sale of Northern Copper Country league players, and they are expected to be closed within a few days. Kurke, the Houghton catcher, has been disposed of to an Eastern league club, but which club has secured him has not been made public.

## A. A. MAKES FIRST MOVE

Resolutions to Reduce Class of Leagues is Submitted.

**Would Leave Only Association and Eastern League in Class A.**

New York, Oct. 31.—Notwithstanding all the rumblings of discontent, that have been heard during the last three days while representatives of minor baseball league organizations have been in session here, it is believed that there will be no upheaval in the ranks of the National Association of Professional Baseball Leagues. The annual meeting of this organization which comprises all the baseball interests of the country and Canada outside the major leagues will not be finished until Friday.

While rumors of war and bickerings between several of the associations have been noised during the week, the cooler heads have pretty nearly mastered the situation and their counsel will keep the national body intact.

President J. T. Powers of the National association, called the second day's meeting to order yesterday afternoon and after a four-hour session an adjournment was taken. Twenty-three of the thirty-six leagues in the association are represented.

J. D. O'Brien of Milwaukee, president of the American league, submitted two resolutions which were adopted at a conference held in Chicago last Sunday. These were to the effect that the Pacific coast, Southern and Western leagues be reduced from Class A to Class B organizations and that the National board be reduced from seven to five members. Both resolutions were tabled.

## TWENTY-TWO TO ST. PAUL

**Large High School Squad Will Go to the Capital.**

**Strong Hopes for Success Against Down State Team.**

Tomorrow afternoon, the Duluth Central high school football team, substitutes, coaches, managers and trainer will leave over the Great Northern for St. Paul, where they will do battle Saturday morning with the Minnesota Central team. With them will go a large number of rosters, who will make the trip to St. Paul to see the Minnesota-Chicago game at Minneapolis Saturday afternoon, but who will also cheer the Central eleven in their contest at the capital.

Those who are expected to make the trip in the high school crowd are: Cook, Cummings, Hoven, Cankins, Convery, Helmer, Pare, Crawford, Paine, Dunne, McFadden, Ostergren, Pineo, Briggs, Stevens, and Coach C. C. Colton, Assistant Coach Ed Furni, Faculty Manager T. P. Phillips, Student Manager Will Heston, Trainer Holstad and Al Cummings, who will act as one of the officials at the St. Paul game.

The game at St. Paul will have no bearing on the state championship, as Duluth has been thrown out of the running by its defeat at the hands of the Minnesota Central team, and St. Paul has little show for the state honors against Minnesota Central and North Side, between whom the honors lie. But it is believed St. Paul and Duluth are well matched and the game should be a good exhibition of high school football.

It is not yet known whether or not the game at St. Paul Saturday will be the last of the season for the Duluth team. The boys would like to get another game with Ashland, just to show the home boys that the close game here, which ended unsatisfactorily, was a fluke. The boys believe they can beat Ashland to a dark brown fizzle and they are anxious to wipe out the unfair 2 to 0 score, with which the referee awarded the game to Ashland. If Ashland refuses to play, Duluth will have no hesitancy in claiming the Head of the Lakes championship and rightly so, for Ashland certainly didn't gain a victory here on merit.

**TO LEAVE FOR ENGLAND SOON**  
Olaf Jonnum Will Give Exhibitions of Ski Riding.

**GANS MAY COME HERE.**

**Lightweight Champion Will Probably Tour Empire Circuit.**

It is said that negotiations are on for a tour of the Empire circuit of boxers by Joe Gans, lightweight champion of the world. In case he makes the tour, Gans will visit the Metropolitan opera house here for a week. Manager William H. Gustafson of the Metropolitan has gone to the Twin Cities and Milwaukee, and while in the latter city he will learn definitely what plans are being made for the big meet conducted here by the Ishpeming club. With the conditions favorable, Jonnum can easily clear upwards of 100 feet in his jumps. He will leave for England before the first of the year, and will give exhibitions there. Jonnum formerly lived at Bovey, Minn.

## AGOG OVER GREAT GAME

**Minneapolis Anxiously Awaits the Call of Play Saturday.**

**Purity Banquet a Big Feature of the Festivities.**

Minneapolis, Oct. 31.—(Special to The Herald.)—All is in readiness for the big game for the championship of the West Saturday. Coach Stagg will put the finishing touches on his team this evening in the last hard practice before the game, and tomorrow evening the men who will defend the Western title against Stagg's Maroon warriors will rest. The Minnesota team is intact. Williams feels he has the best man available in every position, and if Minnesota loses, there will be no excuses to offer, no disparagement of the strength of Chicago. But Minnesota doesn't expect to lose.

Football touches on the stories of the city are discussing the announcement of Prof. Stagg that he will play two lines against the Gophers. Opinion is divided as to the cause for such a determination. Those outside the football circle believe that Stagg is afraid of his line. Members of the team, though, do not take any stock in the stories of a week in the Maroon camp. They believe that Stagg has a big, and that if any change is made it will be a part of Stagg's well-known policy of attempting to play a rival team off its feet in the first half without much scoring, and then rushing in fresh men to make a pile-up score possible in the second half.

This appears to have been the policy in the game with Illinois, and it worked successfully. Just how well it might work against a well-trained and well-coached team remains to be seen. Locally, there is no great fear that the Minnesota forwards are going to be run off their feet. If they get tired, there will in all probability be some very fresh and willing substitutes lining up around to take up the burden of the turf treading.

Failure of the railroads to make anything like a rate for the Chicago rooters will cut down the attendance from the Windy City, although a large number of the "go-go-Chicago" are expected to arrive Friday morning with the team and another lot on Saturday morning. One thousand tickets of the 2500 reserved for Chicago were placed on sale in Minneapolis this morning, and the demand was brisk. No matter whether the Chicago rooters come or not, the field will be packed to its limit Saturday. It is freely predicted that it will be the greatest crowd Chicago has ever played before—even greater than that watching the Chicago-Michigan game of two years ago.

The far-famed purity banquet may be but a feature of the football celebration at the university Friday evening. Plans for the great post-war in the history of the institution are fast forming, and the celebration on the parade ground after the football game is over bids fair to eclipse the banquet itself. The big band, of course, is to be the feature of the affair, and barrels of oil and other combustibles in sufficient quantities to make the St. Paul fire departments sit up and take notice will be on hand on the night in question will go on masse to the crowd will go on masse to the

## SAYS FOOTBALL IS FIGHTING

**Kankakee, Ill., Attorney Would Restrain Students From Playing.**

Kankakee, Ill., Oct. 31.—Charging that football is prize fighting, Attorney S. E. Moore, today, filed a bill in the circuit court for an injunction restraining high school students from playing the game. Moore declares that F. N. Tracey, superintendent of public schools, and L. W. Smith, high school professor, aided and abetted the game, that football not only injures and demoralizes the student body, but that the members of the teams use profanity on the field and that the game is degrading, un-American and uncivilized. The case will probably be heard Tuesday.

**ELOPING COUPLE DEPORTED.**  
Washington, Oct. 31.—Commissioner General Sargent of the bureau of immigration yesterday, denied the appeal of a confessed eloping couple from Berlin, Germany, for admission to the United States. The man and woman were ordered deported and they sailed from Baltimore yesterday on the steamer Rhein of the North German Lloyd line for Bremen.

## NEWS OF THE NORTHWEST

### IS CHARGED WITH CRIME

**North Pacific Brakeman  
is Being Tried for  
Manslaughter.**

**Alleged to Have Permitted  
Fatal Wreck Near  
Glyndon.**

Moorhead, Minn., Oct. 31.—(Special to The Herald.)—The case of the state of Minnesota against Edward McKenna, charged with manslaughter in the second degree, is now on trial before Judge L. L. Baxter. According to the testimony, McKenna was rear brakeman on a work train working at night between two points east of Moorhead and near Glyndon. The train had backed onto the eastbound track on the Northern Pacific railroad, when a fast stock train crashed into the caboose in which two men were sleeping, an dthe beris catching fire both men were burned to death before they could be recovered from the wreck. It is charged that McKenna was negligent in watching the rear of the train and flagging approaching trains.

The jury has brought in a verdict of not guilty in the case of Robert Dixon, charged with taking several pair of shoes from railroad cars. Both Judge Baxter and Judge Taylor are presiding over trials at this time. Judge Baxter taking the criminal work and Judge Taylor hearing the civil cases, including a number of personal injury cases.

The county council has revoked the liquor license of Thomas Erdel, who was convicted of selling liquor on Sunday, and has declined to grant another license for the same place at this time. Erdel's place is one of the most elaborate in the city, and is commonly called the busy season for saloonmen.

### MAYOR SEES LIGHT.

**East Grand Forks Executive Will Close  
Saloons Next Sunday.**

East Grand Forks, Minn., Oct. 31.—(Special to The Herald.)—Following the crisp letter he received from Governor Johnson, which was prompted by complaints that the liquor law was not being enforced here, Mayor John O'Leary has evidently seen a great light, for he has issued a proclamation Sunday in the following proclamation: "I, John O'Leary, of the city of East Grand Forks, Minn., do hereby give notice that every saloon within said city shall be closed on Sunday, which means that every entrance to such saloons must be closed and locked, and that I have given notice to the police to strictly enforce the same. Any person violating these orders will be prosecuted to the full extent of the law."

### ALL PUPILS MUST BE VACCINATED

**Otherwise They Will Not  
be Allowed to Attend  
School.**

Fargo, N. D., Oct. 31.—(Special to The Herald.)—The prevalence of smallpox in this city has prompted the board of health and the board of education to hold a joint meeting and decide upon active measures to check the disease.

All present agreed that the epidemic was abating and that it would not be necessary to close the public schools. It was agreed, however, that all pupils who are not successfully vaccinated would be denied admittance to the schools.

The motion was introduced by City Engineer Crabbe and unanimously carried. City Attorney Resser stated that it was legal and could be enforced. The teachers were also requested to advocate vaccination as the only means of stamping out the disease.

Mayor Elliott presided over the meeting, and Dr. Paul Sorkness, health officer, was the first speaker. He said there were about thirty cases of smallpox in the city. The great majority of these were on the north side. The Roosevelt and Longfellow schools were most affected. Only pupils in the lower grades had caught the disease, and that the disease was confined to those who were not vaccinated.

Dr. Sorkness said that the epidemic was undoubtedly abating and that it would be utterly stamped out if people could be induced to take the proper precautions by vaccinating. That, he said, was the sole remedy for the disease.

### CIRCUIT JUDGE REGULAR TERROR

**To Saloon Men Who Per-  
sist in Violating Li-  
quor Laws.**

Gladstone, Mich., Oct. 31.—(Special to The Herald.)—A feeling akin to consternation prevails among the liquor element in portions of Circuit Judge Stone's jurisdiction, notably in Delta county. Following his recent action in sending a Dickinson county barkeeper to jail to serve a sentence for violating the liquor law, the court has in effect served notice that saloonmen who persist in ignoring the stat-

utes of the state with reference to the conduct of their business may look for similar punishment.

Fines having been found ineffectual in some cases, it is proposed now to resort to more drastic measures to put an end to an evil of which the reform forces have been complaining. Close surveillance will be kept. It is given out, and liquor dealers who for the third time are found offending the majesty of the law will face the prospect of a taste of life behind bars of steel rather than those of mahogany.

### DYNAMITE STICK PLACED ON STOVE

**Explodes Killing Woman  
and Injuring Four  
Little Ones.**

Stevens Point, Wis., Oct. 31.—(Special to The Herald.)—Mrs. Nicholas Klotz, aged 41, of Carson, this county, was literally blown to pieces by the explosion of a stick of dynamite which had been placed on the kitchen stove to dry.

Two of her children who were clinging to the mother's skirts when the accident happened, were so badly injured that they will not survive. A third child, aged 5, that was standing near an open door was struck by a piece of the stove, the iron being imbedded in its forehead. The fourth child was also struck by flying metal, but will recover.

Mr. Klotz, the husband, who it is said placed the explosive on the stove, intending to use it in blasting stumps later in the day, was at the time the explosion occurred, thus escaping injury.

The dynamite exploded with such force, it is said, that the rear of the house was blown away. Carson is a small hamlet a few miles south of Junction City, on the Wisconsin Valley division of the Milwaukee road.

### FINANCIAL WORRY

**Along With Poor Crops, Cause Farmer

Tolley, N. D., Oct. 31.—(Special to The Herald.)—John Hakkinson, a well known farmer, who had worried over money troubles resulting from a small crop, ended his life by hanging himself in a small barn near his barn. Mr. Hakkinson emigrated from Vermont, Sweden, about 1877, and took up his residence near Tolley, where he lived with his family since. He was a peaceful citizen and neighbor, and was well respected in the community. He was 56 years of age at the time of his death.

### MYSTERY SURROUNDS

**Death of Five-Year-Old Iron Mountain  
Boy.**

Iron River, Mich., Oct. 31.—(Special to The Herald.)—There is mystery in the manner in which the 6-year-old son of Gustaf Rahm, a Jeweler, of Iron Mountain, met his untimely fate. The youngster's neck was broken. It is supposed he attempted to steal a ride on a heavy wagon and fell under the wheels. However, as far as known, there were no witnesses to the fatality.

### MARSHALL IN RACE.

**North Dakota Congressman Going After  
Hansbrough's Scalp.**

Oakes, N. D., Oct. 31.—(Special to The Herald.)—Congressman Marshall of this city is the latest to enter the political ring in quest of the scalp of Senator Hansbrough. He formally announces he is a candidate for United States senator, declaring that he takes this action in response to an unsolicited sentiment throughout the state. He says he will be a candidate at the June primaries. Then he adds: "Having lived here and been actively engaged in the business of industry for thirty-five years, I know the needs of the people and am in full sympathy with them."

"I will have had eight years' experience in the house that represents the machinery of the government and public works that no new man can bring to the service of the people."

"Many states promote their house members to the senate, and I am a candidate for such promotion, relying on my record."

"I am in complete sympathy with the policy of President Roosevelt and most decidedly favor his re-election, and, in the event of his persistent refusal to accept the nomination, I am for the candidate whom he believes would most successfully carry out his policies."

### Tropical Fruit That Cures Constipation and Weak Nerves.

**The Worst Cases of Chronic Constipation, Lost Nerve Power, Kidney and other Diseases Cured by Remarkable New Remedy.**

A real, quick-acting constipation cure and nerve-force builder has been discovered, the results of which have proven remarkable, to say the least. It is commonly known that heretofore there has not been any treatment which could positively cure constipation and build nerve-force, or restore tone or weakened nerve-tissue. What treatments have been used, are conceded to be merely temporary stimulants.

Here is a remedy which is not a patent medicine in any sense, is absolutely harmless, contains no narcotics, alcohol or mineral or animal matter, and which anyone can mix at home in a few minutes.

The remedy has a wonderful scope, as it cures not only nerve diseases, such as nervous debility, brain fog and insomnia, but especially chronic constipation, weak back and kidney diseases. The make up of the remedy is as follows:

Mix one ounce of Olfirut Compound Extract with seven ounces of port wine or unfermented grape juice. Of this mixture, take one dessertspoonful three or four times a day, before each meal and at bedtime.

This remedy has also the power of preventing, to a remarkable extent, the approach of disease and nerve weakness caused by excess or old age.

We highly recommend this remedy to everyone of our readers. A constant supply of this remedy should always be kept on hand. The ingredients can be obtained at almost any drug store, Olfirut Compound Extract and port wine or unfermented grape juice.

### DAKOTAS IN BRIEF

Garrison, N. D.—W. N. Bryant, proprietor of the Owl cafe, overrode his Grand Forks stage coach, and has disappeared from the town. Investigation shows that he was heavily in debt to several local merchants and owed his help for back wages.

Fargo, N. D.—Mary Treinen, the 5-year-old daughter of Mr. and Mrs. Henry Treinen, who lived on a farm seven miles north of here, was burned to death. Her father was burning a straw stack and she was playing near by.

Fargo, N. D.—The demand for teachers in North Dakota is still greatly in excess of the supply. Calls are received every day. The schools of the Red river valley seem to have enough.

Williston, N. D.—Gustav Spies, a Great Northern brakeman, who was hit on the head by a mail train at Nashua, Mont., and is here suffering from constipation of the brain. It is supposed he had his head out of the window and was hit by the red iron which holds the mail sack.

Fargo, N. D.—A horse belonging to the Fargo Bottling works was found to be suffering with glanders and Dr. Dunham, assistant state veterinarian, condemned the horse to be killed. The horse was killed late this afternoon.

Grand Forks, N. D.—Texaco assessed by the county of Grand Forks against the Grand Forks Gas & Electric company, several times taken before the board of county commissioners, were paid Tuesday under protest. The Grand Forks Gas & Electric company claims that the assessment made against the franchise of the company is illegal.

Lead, S. D.—Dashing into a burning house of six men were sleeping, conscious of their danger. Mrs. John Scott of Sunbyside, succeeded in rescuing them single handed. The men were for- eigners and had suffocated from smoke, and it was necessary for the woman to pull three of them from beds and half drag them to safety.

Grand Forks, N. D.—News has reached the city to the effect that Harry Cummings, a son of Grand Forks boy, and a nephew of John Cummings of this city, was drowned near Quesnelle, B. C., a short time ago.

### OVER-TAXED

Hundreds of Duluth Readers Know What It Means. The kidneys are overtaxed; Have too much to do. They tell about it in many aches and pains.

Backache, aches, headache, Early symptoms of kidney ills. Urinary troubles, diabetes, Bright's disease follow. A Duluth citizen tells here a certain cure.

H. G. Hibke, clerk in the Northern Pacific railroad freight house, and living at Hunter's Park, Duluth, Minn., says: "In a testimonial given by me in 1898, which has been published often in the Duluth papers, I told how Doan's Kidney Pills cured me of a severe attack of kidney complaint, from which I had suffered for a long time. I believe that it was brought on in the first place by exposure to all kinds of weather and the jarring of driving. Backache set in and the pains and aches made stooping and lifting very painful. Whenever I took cold it settled in my back and made me feel miserable. The kidney secretions became discolored, irregular and contained a sediment. I also had frequent attacks of headache. However, as I have mentioned, I also had frequent attacks of backache. Doan's Kidney Pills cured me of all these conditions, and today not a symptom of my former trouble remains. For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other."

## NO TRADES IN DULUTH

Board of Trade Does Not Resume Regular Operation.

Wheat Closes Weak in Markets of the World.

Duluth Board of Trade, Oct. 31.—There was no trading on the floor of the Duluth board of trade today.

The members held a meeting shortly after 9 o'clock and decided not to reopen business in the local pit today. While the situation has shown improvement every day and board members got the benefit of some exchange with the East yesterday, they were loathe to resume trading today. It is not as yet there is nothing to indicate that the changes for the better are permanent, and the board had no desire to open today and be obliged to close operations here again tomorrow. The members are therefore decided to let matters rest as they are until they are assured that a good business without interruption.

Most of them are satisfied that this can be done within a few days. They feel that there will be no disastrous reaction now and they are anxious to get better every day.

The board may decide tomorrow to begin operations again and it may hold on a while longer.
